## Planning commission loses another veteran

By JULIE MURPHY  
Staff Reporter

Experienced planning and zoning board commissioners are fast becoming a luxury of the past. With the resignation of Don Jansky, only one commissioner remains who has significantly more than one year of experience on the board: Tom Baba.

Jansky resigned from the board because he moved out of Antioch, a requirement to sit on the commission.

In his letter of resignation he said, "It has been a sincere pleasure to have worked on the combined planning and zoning commission for the past two and one-half years. Although some residents have stated, 'I wouldn't want to be in your position,' I feel privileged to have been in this position and to have

made some tough decisions and recommendations to the village board."

Earlier this year Nancy Binder, Curt Denny and Jim Portalski resigned from the combined planning and zoning commission. Kyle LaReece, Bob McCarty and Frank Johnson replaced them.

The sixth commissioner, Carol Keller, joined the board a little over one year ago.

Jansky closed his letter: "To the current commissioners and especially to the newly appointed commissioners, study the information given prior to the meetings, ask the tough questions, and don't be satisfied with incomplete information or answers. Above all, make the right decision with the facts whether it is or isn't the popular recommendation."

## Rescue Squad plans ongoing relief efforts

By JULIE MURPHY  
Staff Reporter

The Antioch Rescue Squad is establishing a drop off station at its headquarters located at 825 Holbek Dr. for the disaster recovery effort in New York.

"Our efforts are going to be consistent and persistent," said Chief Wayne Sobczak.

The American Red Cross in New York told the Antioch Rescue Squad that it would be in need of the following items over the next 10-14 months: Vicks VapoRub, knee pads, respirator masks, saline nasal spray, camping shovels, new work boots (size 10 and larger), large and extra large T shirts, flashlights, flashlight batteries, work socks, coveralls with suspenders (K-Mart) and work gloves.

Additionally, small cash donations will be needed to help offset the costs incurred by the rescue squad for packing and shipping.

"Whether we have a shoe box full or a refrigerator box full, we're

going to try to send supplies every week," said Sobczak. "Donations of money and blood will likely diminish some over the next couple of months. The need for these items will continue on."

The squad is asking that those making donations include a note or a personal message that will be forwarded to the command center for New York rescue members to read.

"Even though we're in the Midwest, we can let these people know that we support what they are doing in our minds and in our hearts," said Sobczak. "Making a card over one of the holidays, not just Christmas but even Valentine's Day or Easter, may help our children to feel like they are doing something."

The members of the Antioch Rescue Squad will keep the drop off station open until the work being done by the New York City rescue teams around the clock seven days a week is completed. It is anticipated that the recovery will take over one year.

## Lake County invited to 'silent' parade

By JULIE MURPHY  
Staff Reporter

On Sunday, Oct. 14 at 7:30 p.m. the Antioch Fire Department is hosting a silent parade and prayer ceremony in honor of those lost and still working in New York. The parade will step off from Antioch Community High School (located at the intersection of routes 173 and 83) and will proceed north on Rte. 83 to the William E. Brook Memorial Band Shell on Skidmore Dr., Antioch.

"We're inviting everyone from the emergency service community, and the people they serve, to join us in honoring our brothers and sisters from New York," said Antioch Fire Chief Dennis Volling.

Units from fire and police departments as well as rescue squads will proceed with only their lights as a tribute in this silent parade. No sirens or air horns will be sounded. The Antioch Fire Dept. asks that all those gathered along the parade route light a candle to remember those who were lost.

Fire departments throughout Lake County and southern Kenosha County will be participating in the parade. Antioch Fire Dept.'s information officer Chris Lienhardt said, "There will be several local dignitaries who will speak as well as a chief from the Chicago Fire Dept. who recently returned from New York."

According to Volling, the bond that firefighters, EMS and law enforcement workers share is forged by the countless hours spent working side by side through tragic events. This bond is further strengthened by good times spent together socially.

In an effort to fulfill the need to help, the Antioch Fire Dept. has

joined with fire departments throughout the state in a "fill the boot" fundraising drive. Firefighters and rescue personnel have been collecting money at various locations around the Village of Antioch.

Firefighter Jeff Walter, an event

organizer, said, "We are trying to do what we can to help the families."

For more information, or to make a donation, contact the Antioch Fire Dept., 835 Holbek Dr., Antioch 60002, or call weekdays between 8 a.m.-4:30 p.m. at 395-5511.

## Trick or treat hours announced

By JULIE MURPHY  
Staff Reporter

Trick or Treat hours will be from 4-7 p.m. on Oct. 31 announced the Village of Antioch during its regular board meeting.

Trustee Dorothy Larson said,

"We prefer to have as much light as possible. This gives children time to get home and change into their costumes, and still have plenty of time."

Larson added that the village has tried not to move trick or treat times from Oct. 31.

### True heroes

## Students get hot course on prevention

By JULIE MURPHY  
Staff Reporter

Hillcrest Elementary students got a crash course on fire prevention from members of the Antioch Fire Dept. as part of Fire Prevention Week.

"We take the program to the grade schools," said Chris Lienhardt, information officer for the department. "We've done this for the past 7-8 years during the first full week of October, close to the date of the Chicago fire."

Lienhardt said the department has about 50 minutes with each class. During that time, members of the fire department work to make a lasting impression.

"For the younger kids, we want

them to get over their fear of firefighters who are fully dressed," said Lienhardt. "We introduce the firefighters by name, explain all of the equipment and then show what they look like in full gear."

... explained that often in fatal fires children have hidden from either the fire itself, thinking that if they can't see it than it can't get them, or from the firefighters who can look menacing with all of their equipment.

"We like to do a mock rescue and show how we might feel along the ground where the temperature is cooler and there is less smoke," Lienhardt said. "We also explain when to call 9-1-1."

He said the curriculum is slightly different for children in and above

the fifth grade.

"For the older kids, we explain that they are role models for their younger siblings," said Lienhardt. "We want them to set a good example."

In five minutes a month, one hour a year, these older students can practice "stop, drop and roll," can walk through two escape routes from the house and check the batteries in the household smoke detectors.

Lienhardt said, "We explain that just like we need fuel and oxygen, so does a fire. Stop, drop and roll doesn't allow the fire to get the things it needs. Also, we stress not to get into a bad situation in the first place by playing with matches."

The session ends with the students getting a tour of a fire truck, and being given an opportunity to ask questions.

According to Lienhardt, the most common question is, "Why do firefighters break down doors?" The answer: because they are locked.

## Parks offer arts, sports

By JULIE MURPHY  
Staff Reporter

Though Antioch's parks and recreation department programs are in full swing for the fall, there are a variety of classes offered with later start dates to keep children of all ages busy through the holidays.

New drawing classes are being offered called "Promising Picassos." The classes are four weeks long, and a new session begins Oct. 25.

Basic drawing is available for 4- to 6-year-olds, and in a separate class for 7- to 12-year-olds. There will be a theme drawing class that features drawing a fairytale land called "Trolls and Toadstools" for those between the ages of 6-13.

Class fees range from \$30-\$35, and the class size will be between 6-15 children.

New cooking classes are being offered with a session being held on Oct. 27.

Firefighters have always deserved all the help and support they could get, and that is particularly true now.

One easy way to show support is to line the streets of Antioch for the silent parade to be held on Main St., Antioch (Rte. 83, north of Rte. 173) on Sunday, Oct. 14 at 7:30 p.m. A "Fill the Boot" fundraiser is being held in conjunction with the parade and prior to its start.

Firefighter Jeff Walter of the Antioch Fire Dept. wrote to the village, "This special event is a parade of fire apparatus which travels without sirens or air horns, they use lights only. It is part of a statewide event in which the Illinois Fire Service Association is encouraging fire departments throughout the state of Illinois to participate in honoring those brother and sister firefighters that have fallen during the events on Sept. 11."

Prior to the parade, firefighters and rescue personnel will be stationed at various intersections collecting donations from those who come out to show their support.

## Civic organizations to host blood drive

By JULIE MURPHY  
Staff Reporter

Antioch's many civic organizations have joined forces to sponsor a blood drive to be held on Oct. 20 from 9 a.m.-3 p.m. at the Moose Lodge.

The Antioch Moose Lodge, Antioch Woman's Club, Antioch Jr. Women's Club, Antioch Lions Club, Antioch Rotary Club and the Northern Illinois Conservation Club are all sponsors of the drive to collect blood for those in need.

"We are deeply saddened by the tragedy that has befallen our nation, and which makes this year's drive even more vital," said organizer

Pam Turner. "The amount of blood needed is insurmountable, and we need your help."

LifeSource Blood Services will be providing professional staff for this drive. LifeSource is providing blood to the military.

"Support the United States. Donate blood and be an American hero," said Turner. She added that those unable to donate blood, could volunteer to help during the blood drive or make a monetary donation.

Appointments will be taken every 20 minutes. For more information, or to make an appointment to give blood, call Turner at 395-0315.

## Halloween Howl a ghastly good time

By JULIE MURPHY  
Staff Reporter

The Village of Antioch is hosting Halloween Howl on Oct. 19-20 in the haunted walkways of downtown Antioch. Events will be taking place off of Main, Lake and Orchard Streets, and Toft Ave.

"I'm as excited as anyone else about this event," said Glenda Sorensen, community development director. "It's my first one. I can't wait to see it all done."

Special events will take place on Friday from 4:30-8:30 p.m. and on Saturday from noon-6 p.m. for children under 10 years old. There will be happy ghosts, smiling spirits, and a happy haunted graveyard.

Events for older goblins will take place on Friday from 6-10 p.m. and on Saturday from 1-6 p.m. There will be a mystifying maze called mummy's tomb, and the tunnel of terror. On Friday night only the truly brave can participate in the haunted trail ride terrifying trail.

Features and activities for ghouls and boys of all ages include visits to the witches' kitchen to buy treats and goodies to raise money for the

Antioch Upper Grade PTO. Happy Hayrides are being sponsored by Antioch True Value/Just Ask Rental, and will begin at the hardware store.

If that weren't enough, there is the Hoppin' Castle sponsored by Just Ask Rental and Advertiser Network, and Smiling Spirits sponsored by Spacewalk of Antioch and the Advertiser Network. Smile Pretty is a photo booth sponsored by Antioch Vacuum Shoppe and Classic Photo and Video.

Additionally, there will be a Tattoo Parlor (temporary, of course), Freaky Fortunes and the Wheel of Misfortune. The Antioch Fire Dept. is sponsoring The Safety Zone.

The Great Pumpkin contest will be held on Friday. Carved and decorated pumpkins are to be brought to 414 Lake St. between 4:30-8 p.m. Judging will be held at 8:30 p.m. There will be a costume contest at 6:15 on Saturday at the Brook Memorial Entertainment Center. Prizes for both contests will be awarded in the age categories of 0-6, 7-12, and 13 and up.

Candy will be given out as part of the weekend's festivities. Lakeland Media sponsors these sweet treats.

# Students raise funds with parade

Emmons School District 33 in Antioch held an event that provided funds to the four New York schools closest to the World Trade Center.

These schools had to move their students to other facilities due to the soot, smoke, and ashes from the building's collapse. Much of their material and equipment will have to be replaced.

Students in all classes, kindergarten through eighth, collected contributions in an event called "Kids Helping Kids." On Oct. 5, all the students and staff in the entire school were joined by parents in a parade through downtown Antioch. All

participants wore Red, White and Blue for this event. Many carried American flags. The parade ended at the community band shell where everyone recited the Pledge of Allegiance and sang "America" and "God Bless America."

The goal was to raise money for the students of the schools of New York affected by the terrorist attacks, and to work together as a school to deal with their own feelings regarding this tragedy. For further information regarding this event contact Superintendent Matt Tabar or Principal Cyndy Vandrush at 395-1105.

**FOOT NOTES**  
Dr. Lee M. Tisa, Podiatrist

**NEUROMAS...A CONSTANT SOURCE OF FOOT PAIN**

Morton's neuroma is an incredibly painful condition affecting the foot. A neuroma is a thickening and/or swelling of the sensory nerve of the foot. The pain from a neuroma is episodic in nature, at first is usually bearable, a sort of a dull stinging and burning sensation, which radiates to the 2nd, 3rd, 4th or 5th toes. Pain progresses, however, to a spiraling pain of excruciating level that radiates into the involved toes and feels like it's taking over the entire foot. It is often said that sufferers feel repelled to remove their shoes and to flex and massage their toes rapidly to gain relief. Treatment of neuromas usually consists of conservative therapy such as alterations to the shoe, cortisone injections to the area, orthotic devices, which are custom arch supports.

If none of these measures work, surgery is the desired course of action and is the most effective in resolving the problem. Should you experience a dull or severe burning pain in your foot especially in the areas of the base of the toes, 2, 3, 4 or 5, please feel free to contact Dr. Lee Tisa for a no cost consultation to discuss your condition.

## PTO hosts first fall festival

By JULIE MURPHY  
Staff Reporter

The Grass Lake School PTO is hosting its first fall festival fundraiser on Oct. 13 from 11 a.m.-6 p.m.

"We hope the weather will be nice enough that we can be outside," said PTO member and event organizer, Vicki Rundle. "If the weather is good, we will have a car show as part of the day's events."

Other events will include games for children, bingo for adults, raffles, food and a craft sale. If that weren't enough, a disc jockey will spin music from 3-6 p.m.

"There is no admission fee," said

Rundle. "There are 25-cent tickets used to pay for food and games, though." She added that there are different ticket requirements for the different items.

Eighteen crafters will be on hand with everything from Longaberger baskets to Beanie Babies to American Girl dresses in addition to handmade items. "We really have a nice variety of crafters coming," said Rundle.

The event will be held at the school, located west of Rte. 59 on Grass Lake Rd.

"This is a new fundraiser for us," said Rundle. "We don't have the money earmarked for anything in particular, but we usually use PTO money for technology or beautification of the school."

# Survivor Mike Skupin tells story to churchgoers

By BRENDA BALIN-BEITSCHER  
Staff Reporter

Fans of "Survivor 2, The Australian Outback" got a chance to meet Mike Skupin, member of the Kucha tribe. Skupin endured everything from scorching days and bitterly cold nights to a diet of bugs until episode 6, when he fell into a fire and severely burned both hands.

Skupin, 39, has emerged from his experience with a desire to share it in the context of his faith. His personal mission brought him to Antioch on Oct. 7, where he addressed a crowd of 300 people in the Antioch Community High School auditorium.

Northbridge Church, a newly "planted" interdenominational Christian congregation, sponsored Skupin's appearance. He appeared at the fourth service ever held by the church.

"When I called Mike's office to ask if he would come here, his people asked 'How many people are in your congregation?'" recalled Mark Albrecht, pastor Northbridge. "I said I didn't know yet. Then they asked where we met, and I said we had no place yet."

Normally, the Skupin accepted speaking engagements only at corporate settings or before well-established groups, but taking a leap of faith, he accepted the invitation to appear at what the pastor called "a community under construction."

He then entertained and inspired the crowd with an account of his adventures, supplemented by videotapes.

Skupin noted a change in the attitude between the first and second survivor series. According to the former Michigan copier salesman-turned-missionary, the first Survivor portrayed Dick, a devout Christian, as a preachy person who alienated the other members of his tribe.

When Skupin found out he was to be on the show, he said, "I'll talk about God after I win the \$1 million."

What evolved in the Kucha tribe, however, was something different. When Skupin was

removed from the outback to receive medical attention, the tribe joined hands around the campfire to pray for him.

The accident that caused Skupin to lose his chance at \$1 million occurred after a moment of triumph.

Noting that hunger was the biggest challenge facing the survivors, Skupin detailed how the tribe learned to live on a meager diet that included barely edible items such as bug-infested fruit.

"It was spring," he observed. "There was nothing to eat." He related that the group searched for eight hours straight, to no avail.

"We had no food for the first day and a half," Skupin said.

According to Skupin, after a lengthy "conversation with God," a wild pig appeared at the camp. He killed it, and the tribe feasted on it.

It was after the feast that Skupin, who was sleeping near the fire, inhaled smoke when the wind changed. He passed out into the fire, and seared his hands when he pushed himself out of the fire pit.

He credits his faith with what he terms a miraculous healing.

Since leaving the show, he has been on a round of speaking engagements as a motivational and inspirational speaker.

He has made over 200 appearances in venues ranging from the corporate world to schools and churches. His fees range from \$500 for school appearances to \$10,000 for corporate engagements.

After a brief flirtation with the idea of running for the U.S. Senate, Skupin decided to decline so he can devote time to his family and Michael Skupin Ministries.

His appearance at Northbridge Church nearly doubled its attendance at Sunday services. The church, which has an office at 850 E. Grand Ave. in Lake Villa, meets every Sunday at 10:30 a.m. at ACHS, at Rtes. 83 and 173 in Antioch. For information about the church, call 265-0300 or visit the web site at [www.northbridgechurch.org](http://www.northbridgechurch.org).

## Bank raises money for breast cancer awareness

By JULIE MURPHY  
Staff Reporter

October is Breast Cancer Awareness Month. In recognition of that, Employees of the State Bank of The Lakes participated in "It's All in the Jeans Day" to raise money for the cause.

"In light of all the other donation requests people have been receiving lately, I was very impressed by how everyone rallied for this cause," said Mary Lou Toomey, program coordinator for the bank.

The bank partnered with Vista Health, the organization that developed the program, for the event.

Nearly 100 employees donated at least \$2 each for the privilege of wearing denim in var-

ious shades of blue and black. Total contributions equaled \$211. The money raised from the program will remain in the local communities to enhance diagnostic and oncology services in northeastern Illinois.

Employees wore stickers explaining their casual attire, and posters were hung in the bank for the same purpose. Local business can participate in this program throughout the month of October.

For more information about the program, call Jennifer Yoran, development manager at Vista Health 360-4248.

State Bank of The Lakes has branches in Antioch, Grayslake, Lindenhurst and Spring Grove. Employees from all four banks participated in the fundraiser.

## Bible Church hosts seminar

By JULIE MURPHY  
Staff Reporter

Mary Whelchel, founder of The Christian Working Woman, will be conducting a woman's seminar at the Chain of Lakes Community Bible Church. The seminar, called "Soaring on Eagle's Wings," will be held on Saturday, Oct. 27 from 9 a.m.-3 p.m.

Patti Stagg, who handles communications for the church, said her ministry to women in the workplace began out of her desire to show how God's word is relevant to everyday life.

Whelchel established the Christian Working Woman radio program in 1984. At the time, it was broadcast on one station in Chicago and is now heard on over 500 radio stations nationally and internationally.

Special guest Aimee Lilly will do a monologue on "The Woman at the Well." Lilly is host of the WMBI program "Reflections."

The cost of the seminar is \$25. The price includes the seminar, materials, lunch and coffee break.

There will be prize giveaways, drama and worship. Book tables will have Whelchel's book as well as books from the Sonshine Bookstore.

Brochures with registration information are available at the Chain of Lakes Community Bible Church located at 23201 W. Grass Lake Rd., 838-0103; and at Sonshine Bookstore at 952 Main St., Antioch, 395-7737.

Whelchel can be heard on WMBI-FM 90.1 at 6:58 a.m. on weekdays and at 5:40 a.m. on Saturday. Additionally, she is on WMBI-AM 1110 at 7:15 a.m. on weekdays.

# Over the river and through the states; quickly please

We were nearing the American border as our family vacation to Toronto was coming to a close.

Having traveled this route numerous times, we aren't strangers to the rigorous questioning at the border as to what treasures we are bringing home. This time I saved all the store receipts in an envelope so we weren't fumbling around like knuckle heads trying to remember every cheesy souvenir shop we had frequented.

When asked, I simply pulled out the envelope and began reciting the cache of goodies we had collected: "an oversized pencil in Hamilton; a deck of cards in Whitby; a hair brush, to replace a broken one, in Windsor; a butterfly magnetic in Niagara Falls, and so on and so on." The border guard looked bored with my recitation, but seem impressed—things were going well.

Then came the standard, how long had we been in the country and if it was strictly a pleasure visit, questions.

Answers flowed easily—things were going smoothly. But you never get too comfortable because the minute the border guard senses your ease, he will go for the jugular and throw you a question that absolutely begs for a flippant answer, rendering you at his mercy.

I could tell by the gist of the conversation that we were nearing the end of our interrogation and that's when things got ugly. After truthfully answering that we had no alcohol, tobacco, drugs or firearms, we were ambushed by, "do you have any fruit in your car?" This was a new line of questioning and as soon as the words crossed the border guards lips, I recoiled like a snake about to strike. The

## JINGLE FROM PRINGLE

Lynn Pringle

Mr. totally oblivious to my bulging eyes, sweating palms, and the contents of the cooler, smiled, said "no," and we were dismissed with a wave of a hand. I was on the verge of losing consciousness as I had forgotten to breath in quite sometime, and as we entered into the states, hubby asked if I wanted to stop at the scenic overlook for one last look at Niagara Falls.

I let out the great hiss of air that I had been holding hostage in my lungs, which made the Mr. look at me with an expression as if I had just given birth on the front seat of our car.

Gasping for air, I screeched at him to get as far from the border as possible, quickly. After several miles of passing vehicles, running red lights and mowing over pedestrians, hubby pulled over and demanded an explanation.

I informed him that we had two apples in the cooler, a crime punishable by imprisonment. The Mr., realizing the consequences had we been searched, threw the van in "drive," tromped on the gas, and vowed never, ever to take me across the border again.

And so goes another, "Jingle from Pringle."

Readers with information for "Jingle from Pringle" should call Lynn Pringle at 395-6364.

# Fruitful luncheon provides fundraising, activities details

The Antioch Woman's Club luncheon provided members with valuable information about upcoming activities and fundraisers.

The club is conducting a raffle fundraiser to renew the club's support to help furnish the new library addition for the benefit of the community. "We've already raised at least \$800," said Mary Beth Walsh, community improvement chair.

The item being raffled is a season ticket for two to the Marriott Lincolnshire for five performances. Additionally, a cash prize will be included in the raffle.

"The raffle tickets are three for \$5," said member Beverly Sorensen. "They can be purchased from any member." She added those

without other access can call Walsh at 395-0017.

Tickets are on sale through Nov. 30. The drawing will be held at the Christmas luncheon on Dec. 12.

Sharon Oldenberger, social chair, invited all members to play bridge on the first and third Tuesdays of each month at 10 a.m. at the Antioch Senior Center.

Literature Chair Jean Foss announced book club meetings would be held the fourth Tuesday of each month at 12:15 at the Double Eagle restaurant in Antioch.

Betty Schroeder, membership chair, welcomed new members Mary Clark, Margaret Cole and Anne Schultz. Anyone interested in joining the club in its social and civic efforts should contact Schroeder at 395-8312 for more information.

# Pathways Inclusion ceremony

On Sunday, Oct. 14, Pathways of Awareness Foundation in partnership with the Archdiocese of Chicago will celebrate Inclusion Sunday.

This movement was begun by the late Joseph Cardinal Bernardine and is being continued by Francis Cardinal George. This is the inclusion of people with disabilities in Liturgy and church life. The movement is called, "Open Hearts, Open Minds, Open Doors."

This special day is just the beginning of what we hope will continue to be a regular part of our church all year long. It is our goal to welcome everyone with a disability in worship, ministry, fellowship and learning.

Inclusion Representative, Louise Gutowski, urges everyone to attend Inclusion Sunday at the 11:30 a.m. mass at St. Peter

Church in Antioch. Are you a parishioner with a disability and would like to participate more fully in your parish life? We are willing to accommodate any special need.

Please contact the rectory during office hours, 395-0274 or Deacon Scott Keanon, 395-0309. There will be a special vehicle available to pick up those without transportation. Just call Deacon Scott to make arrangements. We look forward to opening our doors to all and giving everyone the opportunity to participate in all facets of the Liturgy.

St. Peter Church has a full service elevator on the east side of the building, along with accessible bathrooms on the lower level. There are special pews for those unable to stand or kneel, as well as plenty of space for wheelchairs and scooters.

"For my house shall be a house of prayer for all people."

## Run with it

**I**t was certainly a week to remember for Ron Shelton.

For starters, the former Blue Devil head baseball was inducted into the Lake County Sports Hall of Fame during the Keith Ryan Scholarship Fund and Sports Banquet held at Midlane Resort in Wadsworth.

But more importantly, perhaps, was the news received earlier in the week. That's when Shelton was informed that he will travel to southern Wisconsin Jan. 5, 2002 to carry the Olympic torch two-tenths of a mile in advance of the Winter Olympics in Salt Lake City, Utah.

"We were so happy for him we cried," said Warren Athletic Trainer Sandy Johansen, on hand for the induction at Midlane.

Johansen and Warren student Mike Standriff, also an athletic trainer at Warren, spearheaded the efforts.

Through ESPN's Web site, Johansen submitted Shelton's name.

"We couldn't think of anyone better than Ron to carry the torch," added Johansen. "He's very dedicated to his job and goes out of his way to do whatever he can for you."

As part of their campaign for Shelton, Standriff and Johansen then put up posters and some 2,000 flyers everywhere. They also told everyone to e-mail ESPN's Web site in efforts to gain backing for the former Baltimore Oriole's pitcher.

"Mike was great—he has a gigantic heart," said Johansen.

Meanwhile, Shelton was pretty humbled by the news.

"It's quite an honor, seeing what's going on with our country now," he said. "It also means a lot that someone would go out of their way and do that (nominate you)."

Meanwhile, some pretty elite company as inductees into the County Sports Hall of Fame joined Shelton. Joining him included Grant's Bill Klaus, Stevenson's Patrick Joyce, Deerfield's Lindsay Knapp, Carmel's Scott Stahoviak and Rob Judson, the recently appointed men's head basketball coach at Northern Illinois University. Judson, a former Zion-Benton basketball standout, was also the evening's featured speaker.

"It's quite an honor," he said. "Athletics has been great to me. It helps with discipline and pretty much lays a foundation for your life, especially where attitude is concerned."

The Waukegan Lions Club Hall of Fame also inducted former Bulldog standout athletes Bill Devore, Susan Suomu, Richard Watson and Tim Rucks.

Congratulations to Libertyville's Kevin Wall, who qualified individually for the IHSA Class AA Boys State Golf Tournament Oct. 12-13 in Bloomington. Wall's 77 earned him a tie for fifth-place. As a team, the Wildcats fired a 330. Other area players who just missed qualifying individually included Mundelein's Kyle Spahr (80), Carmel's Andrew Ply (81), Warren's Adam Rodgers (82) and Kyle Straub (82) and Thom Irvin (84), both from Grayslake.

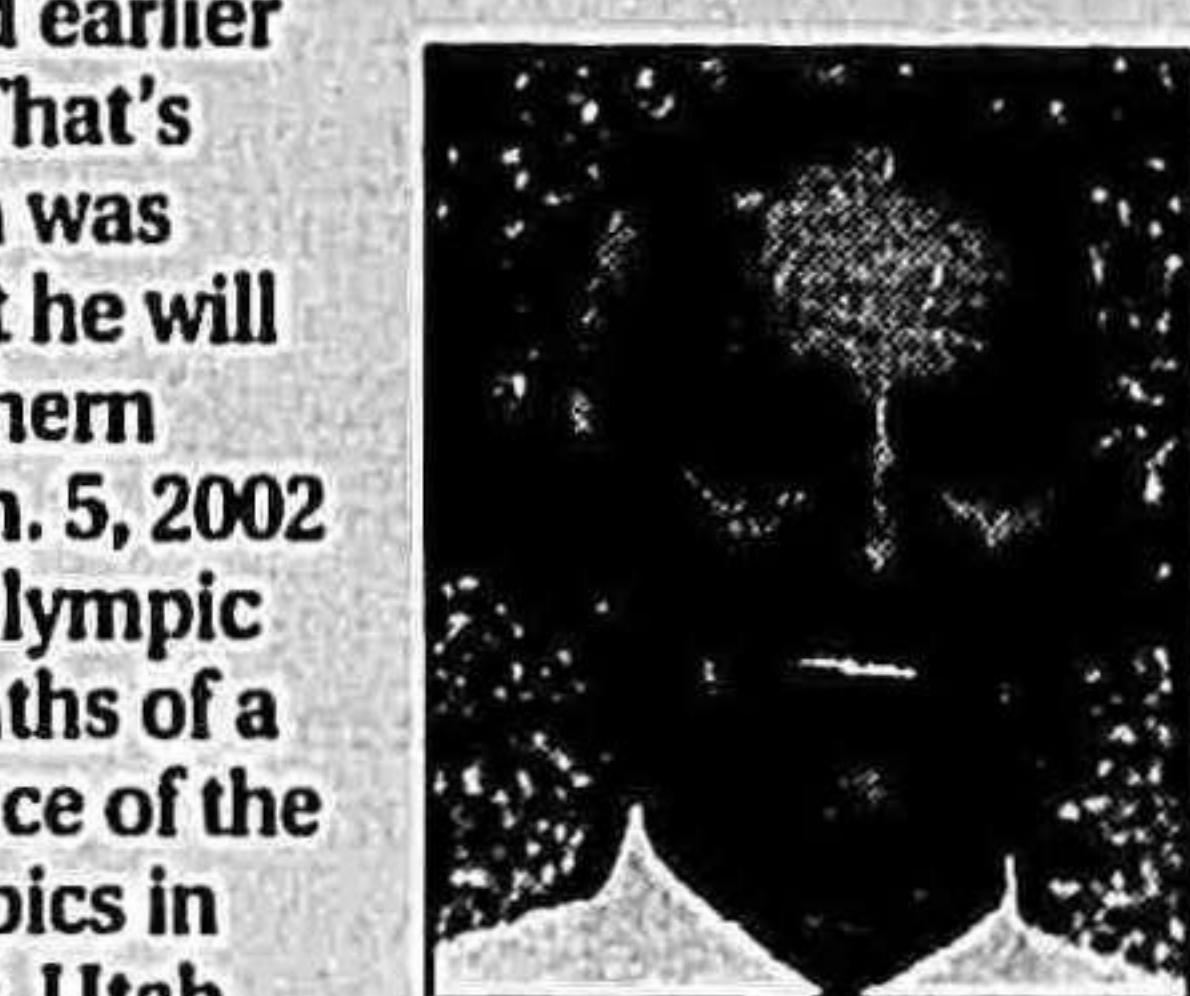

**Special Note:** A reminder that Lakeland Media is organizing a fund to help benefit the International Association of Firefighters. The IAF aids fallen firefighters and their families by donating the money it receives to the IAF Emergency Fund.

## Antioch soccer hoping for strong finish

By WESLEY WARD  
Lakeland Correspondent

High schoolboys' soccer teams all over the state are preparing for the playoffs. With only one or two conference games remaining it is hard not to look ahead in anticipation for tournament time.

For Antioch high school's soccer team only one conference game remains before next week's Prairie Ridge Sectional. The final North Suburban Conference Lake Division game against Mundelein will challenge Antioch, who is 6-10-1 on the year.

A series of injuries has plagued the Sequoits, but sophomores and juniors have stepped in to fill the holes. However, at times their inexperience has shown and let downs have cost Antioch in close games.

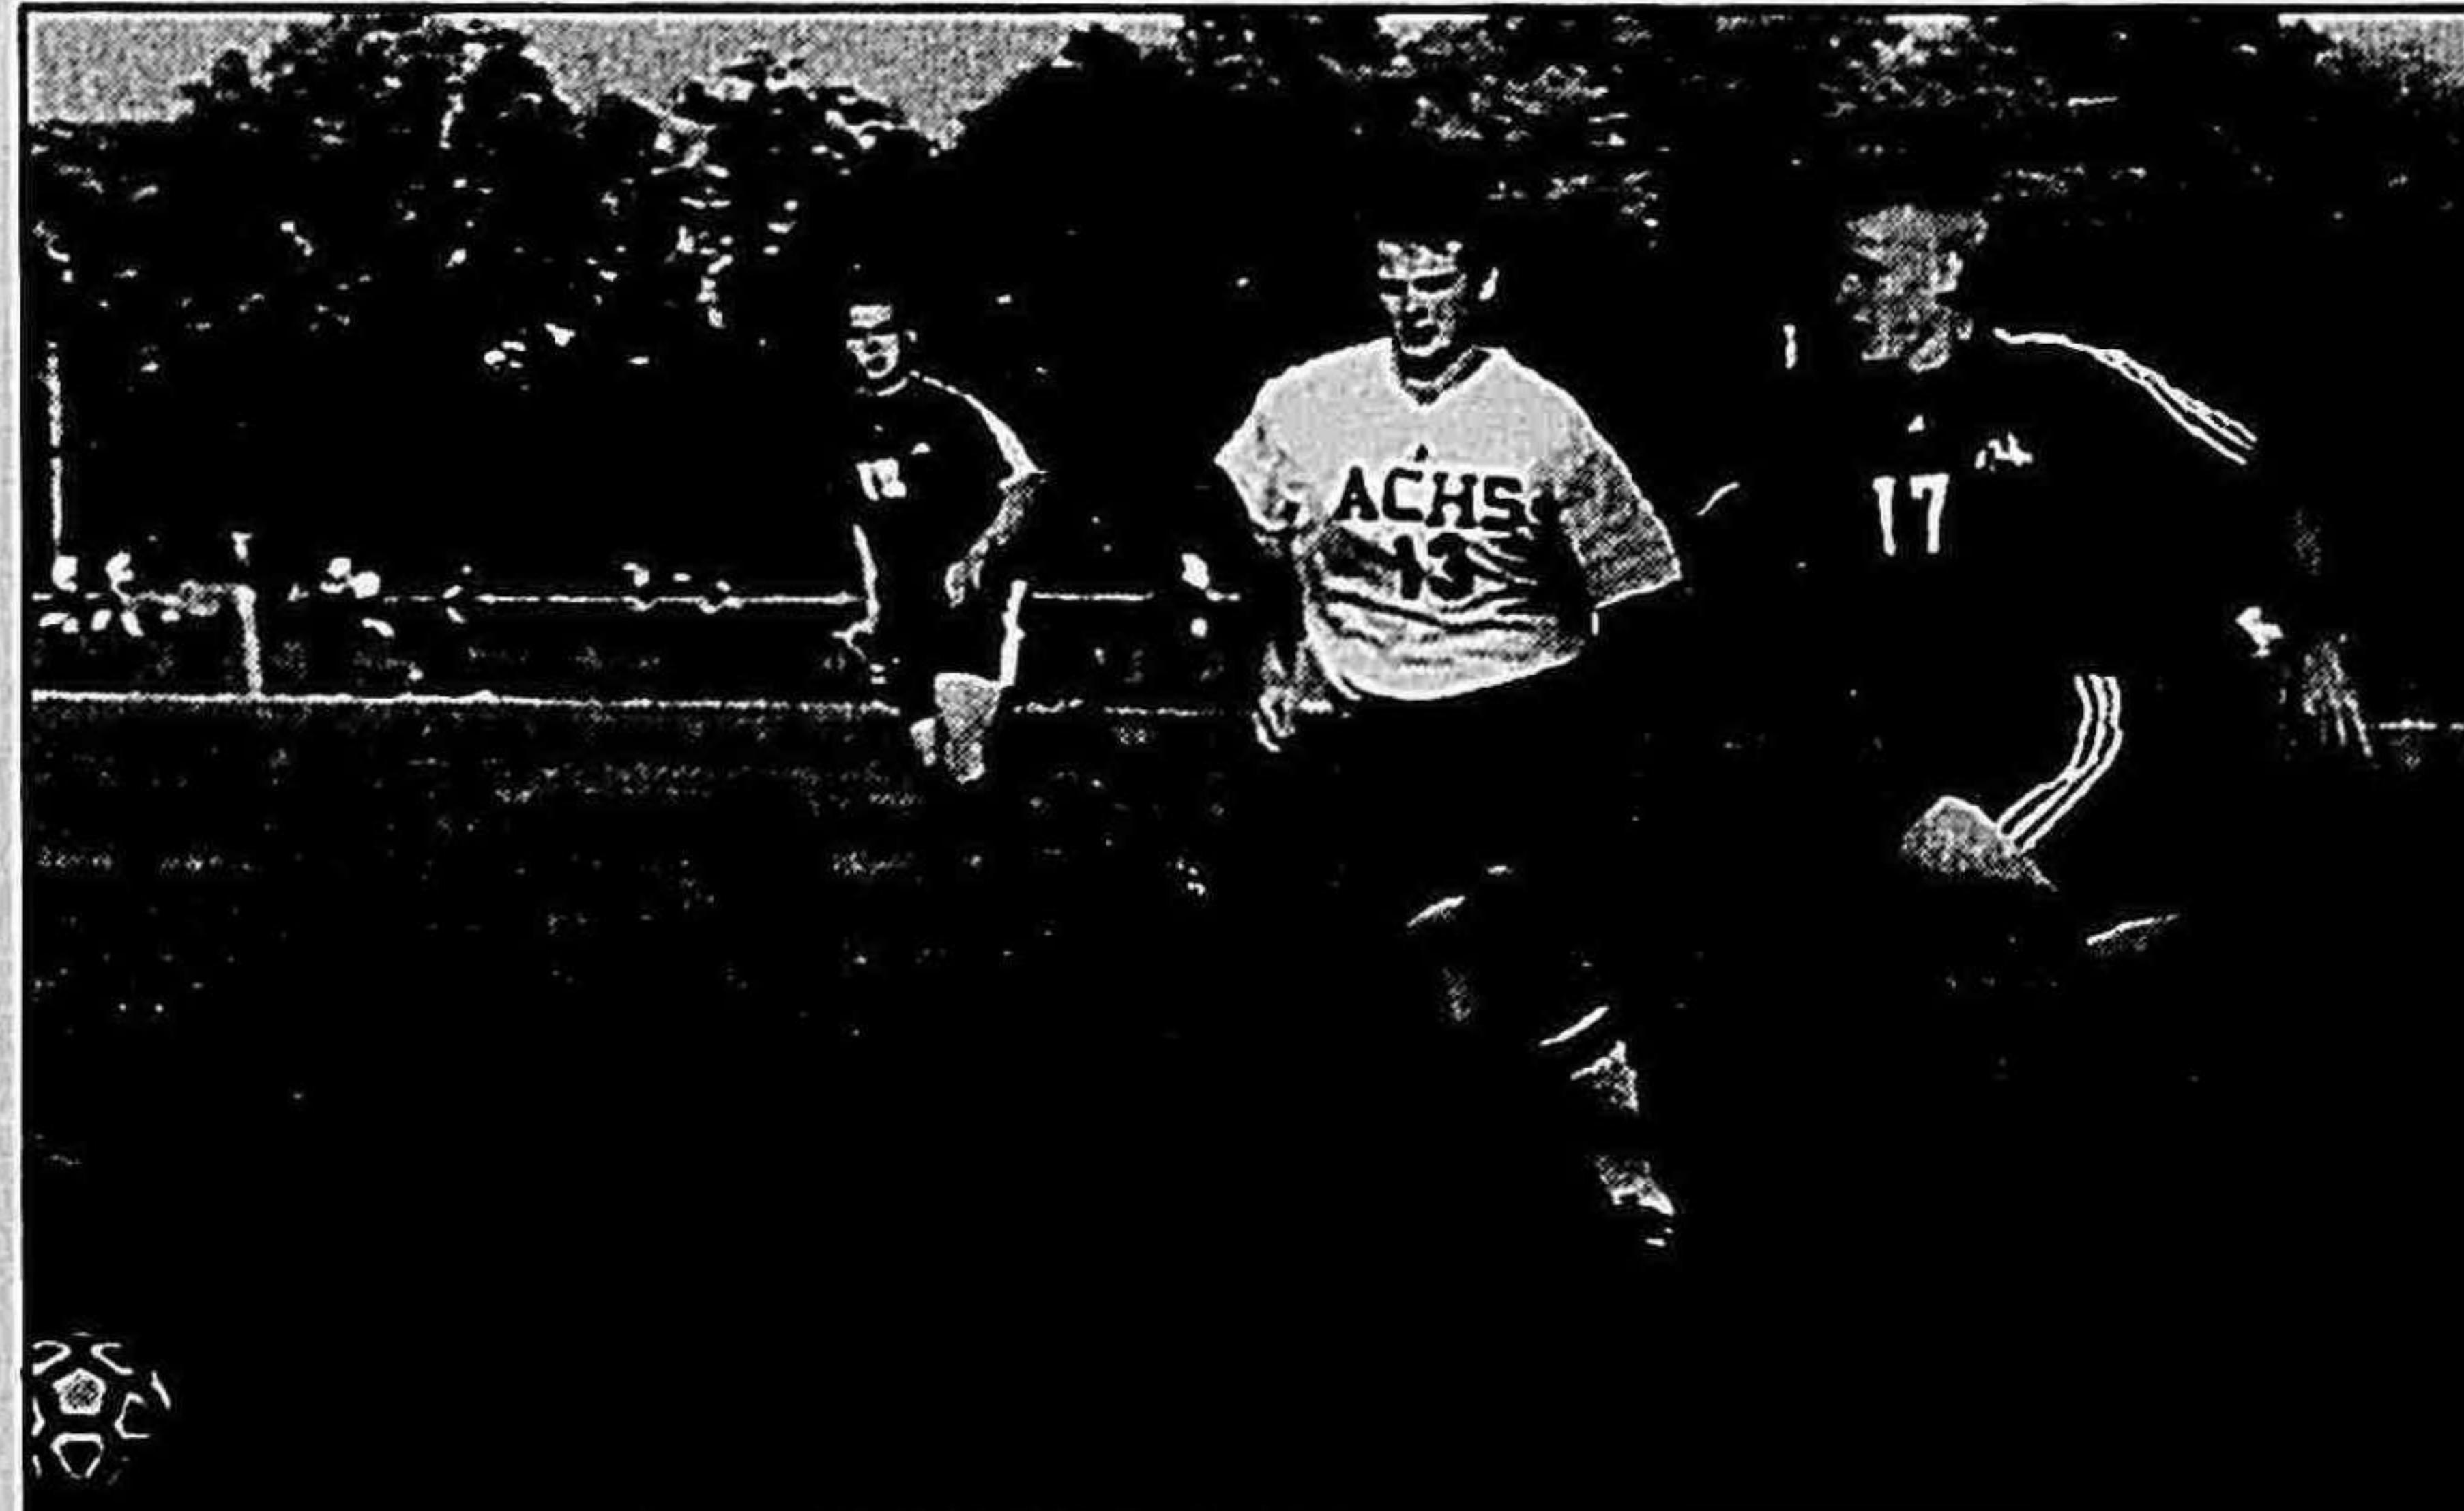

A 2-0 loss to Stevenson last week was disappointing for the young team that put in a strong effort.

"The Stevenson game was one of our better games this season," said Antioch head coach Ryan Estabrook. "The guys worked hard, but some errors on defense cost us."

Junior Steve Trulzsch has stepped up and is performing well in midfield. Trulzsch's work ethic paired with his ability to win the ball in the middle of the pitch gives the Sequoits stability.

Matt Carlson has also helped stabilize the Antioch midfield. The sophomore recently switched positions. Carlson has made the transition from outside full back to stopper with relative ease. In fact his play this season has been a pleasant surprise to Estabrook.

Antioch does not yet know whom it will

face in the Prairie Ridge sectional next week. Either way, the Sequoits hope that some of their injured players have healed when the playoffs begin.

Said Estabrook: "I am hoping that we will have some more players to choose from when the playoffs start. Some of our injured players are getting healthy and could be ready to play next week."

Consistency has been an issue for the

young team. Fortunately, the team is responding and as the season has progressed improvements have been seen. At the beginning of the year the outside midfielders were not always playing consistently however, they are now play smarter soccer.

"I am obviously disappointed with how things have gone so far this season," said Estabrook. "Hopefully things turn around next week."

## Sequoit volleyball braces for stretch run

By JOE PRUSKI  
Lakeland Correspondent

After a strong week, the Antioch volleyball team's optimism has spread as the it looks to end the regular-season on a strong note.

Last week Antioch went 2-1 losing to Libertyville 15-9, 15-12, followed by wins North Chicago (15-3, 15-12) and beating Grayslake (15-3, 15-5).

"We've been playing a lot better," said Coach Gwen Varney.

For the season Antioch improved their record to 10-12 with strong play from Erica Brown and Lindsey Gruber.

Brown went 33 of 34 serving with 10 aces and 24 points during the three-game stretch. Gruber also played well finishing the three games with a total of 19 points along with 13 kills.

According to Varney, junior Alex Mika has also had a strong week. Mika went 68 of 69 setting with 23 assists.

"Mika has done a really good job setting in the last week," said Varney.

Antioch will host the conference-leading

Mundelein Mustangs at 6 p.m. in a game that will show a great deal of just how far the team has come.

"We felt we had a really good past week," said Varney. "Both games tomorrow (Warren) and Friday (Mundelein) will be very tough games."

Antioch finished at 16-20 last season and a team goal for this year was to better that record. Because of the September 11 tragedies Antioch did not compete in the Stevenson Tournament lessening their games for the season. Varney believes however, that the team has played better at times than last year.

"I think we've played better at times this year," said Varney. "We're not a very big team so we have to play really good defense, we have to play scrappy."

Varney attributes much of team's success as of late to the team's confidence and a solid core of seniors that has really begun to lead the team.

"The five seniors have really gained a lot of confidence and exhibited much more leadership lately," said Varney.

## Sequoit runners look forward to conference meet

By JOE PRUSKI  
Lakeland Correspondent

After an eighth-place finish two weeks ago at the Antioch Invitational cross country meet, the varsity girl's team has set the bar higher for their upcoming conference and regional meets.

According to Coach Dick Harland a team goal is to finish in the top four spots in the conference. Recent setbacks have hurt an already thin team. The team's fifth runner, Amanda Hoetzer, suffered a season-ending stress fracture in her foot.

"It hurts because she was normally our fifth runner," said Harland. "It's up to a few runners to try and pick it up now."

Last year Antioch finished third as a team, with a cast of runners that should have been the same and some this year.

"Four of our top girls from last year decided not to run this year," said Harland.

One of the girls moved, however, while the other three decided to go out for other sports.

The conference meet will be held tomorrow and the regional meet, which Antioch hosts, the following week.

The team currently includes: Holly Clarke, Sara Brzezinski, Amanda Hammond, Divya Gollapudi, Amanda Hotezer, Erin Schwaba and Laura Hammond. Harland feels all have what it takes to move on after regionals.

Five teams from the North Suburban Conference will compete at the Antioch regional. To move on a team must finish in the top-5. Individuals not on a qualifying team that finish in the top-5 also qualify.

"I'd like to be top-5," said Harland. "I think we should be able to do that."

The girl's team placed seventh with 200 points at the Benet Invitational Oct. 6.

Leading the way in 20th place was Clarke (15:38), Hammond 36th (16:13), Brzezinski 42nd (16:29) and Schwaba 47th (16:39).

The boys team finished ninth with 198 points. Senior Ryan Moxley finished 16th (16:42), Justin Mehaffey 28th (17:05), David Cook 39th (17:19) and Mike Addison 41st (17:28).

# Stigler, Sequoit football feeling the pain

By JOE PRUSKI  
Lakeland Correspondent

If you were told that the featured running back on the 17th-ranked team in the Chicagoland area had only six carries, you might be thinking defensive domination. However, the exact opposite was the case Oct. 5.

Stevenson running back Robert Giannini carried the ball six times for 175 yards against a struggling Antioch defense in Lincolnshire last week. Half of his carries were for touchdowns as the conference-leading Stevenson Patriots ran over Antioch, keeping them from their first win in the NSC Lake division with a 62-31 win.

"We weren't tackling well or making good leads," said one of Antioch's defensive leaders, Justin Stigler. "We just weren't playing fundamental football."

Stevenson compiled over 500 yards offensively as they improved its overall record to 6-1 on the year.

Antioch did make great strides in their offense as the arm of Quarterback P.J. Hilbert was spotlighted in Antioch's offensive scheme. Hilbert threw the ball 48 times connecting on 28 for a total of 365 yards passing against a solid Stevenson defense.

"I thought our offense did a really good job," said Stigler. "P.J. showed everyone that he can throw the ball well."

When of the main causes of Hilbert's best game of his high school career was a strong performance from the offensive line. The line, which struggled against Libertyville, dominated the trenches at Stevenson.

"Our offensive line did a good job of giving P.J. a lot of time to throw," said halfback Dan Miodonski.

Miodonski was one of Hilbert's most frequent targets catching numerous passes in the flats. Miodonski caught six balls to go along with 65 yards on the ground. The teams leading receiver Jeff Huebner continued to lead the team offensively contributing with over 130 yards receiving including a 41-yard touchdown catch.

Antioch put up 31 points however, dropped to 2-4 (0-3 in conference) on the year and gave up 31 points, their fourth loss, eliminating them from any shot at the post-season.

Antioch will host conference rival Warren Oct. 13 at 1 p.m. in what should prove to be a reality check for Antioch.

In the last two games, Antioch has given up 114 points. However, with their

newfound passing attack, the game could prove to be a high scoring shootout.

"We'll try and duplicate what we did against Stevenson," said Miodonski.

Although Antioch has been eliminated from the playoff race, players and coaches feel that they still have something to prove.

"We have pride to play for," said Stigler. "We're really not that bad of a team. We can play to show that our record is deceiving and that we're a better team than that."

Antioch players feel that they have a decent shot at beating Warren this season due to the fact that Warren lost their best offensive and defensive weapons from last year to graduation.

Nonetheless the game is meaningful to the seniors that want to end their high school football careers on a positive note.

"We have a good shot at winning," said Stigler. "We just have to believe in ourselves."

## YOUTH SPORTS DIGEST

The Lindenhurst Typhoon boys U-13 soccer team captured second-place in the Libertyville Octoberfest tournament. The Typhoon include, front row, from left, George Goodnature, Ryan O'Malley, Brett McKenzie, Alex Mayer, Brett Carlson, Jason Moxley, DJ Braun and Kyle Kozuch. Back row, from left, includes Coach Jeff McKenzie, Alex McKenzie, Alan Kroeger, Darren Nordstrom, Dan Roach, Eric Voight, Ian Hunter, Luke Holm, Michael Stoj and Coach Greg Kozuch.

**Results**  
**Soccer**

The **Lindenhurst Typhoon boys U-14** team took second place at the Libertyville Octoberfest soccer tournament. In round-robin play, the Typhoon defeated Schwaben AC 2-1 and Strikers JV 4-0 before losing 3-1 to FC Milwaukee.

Goals were scored by Eric Voight (2), Darren Nordstrom, Ian Hunter (2), Dan Roach and Alex McKenzie. The defense was led by goalie Alex Mayer who made numerous saves in a simply outstanding effort against FC Milwaukee, keeping the game as close as possible. On points, the Typhoon finished second in the A group, advancing to the semifinals where they faced the winner of the B division, the Warren United Blazers.

This game was one of the best of the tournament as both teams battled very hard for the right to move on and the Typhoon came out on top 1-0 with a goal by Alan Kroeger off the cross by Brett McKenzie.

In the finals the Typhoon faced FC Milwaukee again. Although the game was within reach at the half with Milwaukee ahead 2-0, Milwaukee proved too much for the Typhoon.

Milwaukee pressed the attack and scored two more goals in the second half to make the final score 4-0.

Despite the score, kudos to goalie Alex Mayer and sweeper Ryan O'Malley as well as forward/full-back Eric Voight and fullbacks Micheal Stoj, George Goodnature, and Luke Holm—they played with a lot of heart.

The **U-9 Lindenhurst Titans** stay undefeated by beating Evanston's Orange squad 4-1.

Vinnie Holm opened up the scoring for the Titans. Joey Carlborg, Nathan McMahon and Holm added second-half goals to help ice the victory. The Titans improve to 4-0-1 thanks to the goal keeping of Tom Stevens and Alex Grimm. Key contributors include Michael Beckman, Matt Dexheimer, Tony Gallo, Kyle Melton, Andrew Noda, Josh Pohlman and Nick Stilp.

The **Lindenhurst U-11 Tornadoes** moved to 6-1 after posting two consecutive shutout victories. The Tornadoes remain in first-place in the Young Sportsmen Soccer League Blue 3 division. On Oct. 6 the Tornadoes turned back the Chicago Pegasus 4-0 in Deerfield. Eric Holst scored the Tornadoes' first goal on an assist from Breck Hughes. The Tornadoes added two more unanswered goals in the first half; Drew Jones scored from close range on an assist from Joshua Oppenheim, then Holst followed with his second goal on a feed from Ian Tune. In the second half Matt Beadle, Ian Tune and Chris Staton provided a formidable defense, with goalkeeper Drew Jones stopping the only shot on goal. In the final minutes of the game, Jarrett Jespersen passed to Chris Staton for the fourth goal.

Then, the Lindenhurst defeated a solid Wauconda team 1-0, avenging its only loss of the season. Scoreless at the half, the teams played hard following the break. With less than 10 minutes left in the game, the Tornadoes' Drew Jones pounced on a deflection and volleyed the ball inside the near post for the only goal in the game.

Goalkeeper Joshua Larson was once again solid in the nets, stopping all four shots he faced.

**Tryouts**

**Basketball**

The head coaches at Carmel will sponsor a boys and girls basketball clinic for area grade schools and youth coaches on Oct. 13 from 10 a.m.-1 p.m. The agenda will include an introduction of Carmel's coaching staff, and defensive and offensive fundamentals. Time has also been reserved for a question and answer period. The clinics will take place in the Salvi Arena. Coaches will be involved in floor drills, and are asked to wear gym shoes.

**Hooked on Hoops**, a youth basketball club, is holding its fall Wednesday sessions on Oct. 17, and 24 from 7-8:30 p.m. at the Fremont Middle School, located on Fremont Center Road west of Mundelein.

The emphasis of the camp is skills development. Players learn fundamentals and advanced skills of ball-handling, passing, drib-

bling and shooting.

Boys and girls ages 2-7 are encouraged to attend. The fee is \$50. Players should bring their own basketball. For further information about this camp or Hooked on Hoops' new Saturday camp combining skills development and inter-league competition, please contact the Hoops hotline at 970-9300.

**News and notes**

Soccer and basketball leagues are now forming at **The Lake County Sports Center**, located at Oakwood Ave. in Waukegan. For basketball, boys grades 7-and-8 will meet on Monday's November through December while fifth- and sixth-graders will meet on Friday's. There will be two 20-minute games with a running clock. The cost is \$55 per player, including T-shirts. Teams are formed based on pre-season evaluations. Limited space in available, so hurry! Call Russ Kinka at 855-8726 for further details.

For indoor micro soccer, kids ages 4-5 will meet on Tues., grades 1-2 on Wed., and grades 3-4 on Thurs. There will be two 20-minute games. The cost is \$65 per player, including T-shirts. Teams are also formed based on pre-season evaluations. Limited space is also available for this league, an affiliation with the Warren Blazers Soccer Club. Please call Russ Kinka at 855-8726 or Janet Albert at 662-5731 for sign-ups or further information.

Miodonski was one of Hilbert's most frequent targets catching numerous passes in the flats. Miodonski caught six balls to go along with 65 yards on the ground. The teams leading receiver Jeff Huebner continued to lead the team offensively contributing with over 130 yards receiving including a 41-yard touchdown catch.

Antioch put up 31 points however, dropped to 2-4 (0-3 in conference) on the year and gave up their fourth loss, eliminating them from any shot at the post-season.

Antioch will host conference rival Warren Oct. 13 at 1 p.m. in what should prove to be a reality check for Antioch.

In the last two games, Antioch has given up 114 points. However, with their

newfound passing attack, the game could prove to be a high scoring shootout.

"We'll try and duplicate what we did against Stevenson," said Miodonski.

Although Antioch has been eliminated from the playoff race, players and coaches feel that they still have something to prove.

"We have pride to play for," said Stigler. "We're really not that bad of a team. We can play to show that our record is deceiving and that we're a better team than that."

Antioch players feel that they have a decent shot at beating Warren this season due to the fact that Warren lost their best offensive and defensive weapons from last year to graduation.

Nonetheless the game is meaningful to the seniors that want to end their high school football careers on a positive note.

"We have a good shot at winning," said Stigler. "We just have to believe in ourselves."

## YOUTH SPORTS DIGEST

The Lindenhurst Typhoon boys U-13 soccer team captured second-place in the Libertyville Octoberfest tournament. The Typhoon include, front row, from left, George Goodnature, Ryan O'Malley, Brett McKenzie, Alex Mayer, Brett Carlson, Jason Moxley, DJ Braun and Kyle Kozuch. Back row, from left, includes Coach Jeff McKenzie, Alex McKenzie, Alan Kroeger, Darren Nordstrom, Dan Roach, Eric Voight, Ian Hunter, Luke Holm, Michael Stoj and Coach Greg Kozuch.

Results  
Soccer

The **Lindenhurst Typhoon boys U-14** team took second place at the Libertyville Octoberfest soccer tournament. In round-robin play, the Typhoon defeated Schwaben AC 2-1 and Strikers FV 4-0 before losing 3-1 to FC Milwaukee.

Goals were scored by Eric Voight (2), Darren Nordstrom, Ian Hunter (2), Dan Roach and Alex McKenzie. The defense was led by goalie Alex Mayer who made numerous saves in a simply outstanding effort against FC Milwaukee, keeping the game as close as possible. On points, the Typhoon finished second in the A group, advancing to the semifinals where they faced the winner of the B division, the Warren United Blazers.

This game was one of the best of the tournament as both teams battled very hard for the right to move on and the Typhoon came out on top 1-0 with a goal by Alan Kroeger off the cross by Brett McKenzie.

In the finals the Typhoon faced FC Milwaukee again. Although the game was within reach at the half with Milwaukee ahead 2-0, Milwaukee proved too much for the Typhoon.

Milwaukee pressed the attack and scored two more goals in the second half to make the final score 4-0.

Despite the score, kudos to goalie Alex Mayer and sweeper Ryan O'Malley as well as forward/fullback Eric Voight and fullbacks Micheal Stoj, George Goodnature, and Luke Holm—they played with a lot of heart.

The **U-9 Lindenhurst Titans** stay undefeated by beating Evanston's Orange squad 4-1.

Vinnie Holm opened up the scoring for the Titans. Joey Carlborg, Nathan McMahon and Holm added second-half goals to help ice the victory. The Titans improve to 4-0-1 thanks to the goal keeping of Tom Stevens and Alex Grimm. Key contributors include Michael Beckman, Matt Dexheimer, Tony Gallo, Kyle Melton, Andrew Noda, Josh Pohlman and Nick Stilp.

The **Lindenhurst U-11 Tornadoes** moved to 6-1 after posting two consecutive shutout victories. The Tornadoes remain in first-place in the Young Sportsmen Soccer League Blue 3 division. On Oct. 6 the Tornadoes turned back the Chicago Pegasus 4-0 in Deerfield. Eric Holst scored the Tornadoes' first goal on an assist from Breck Hughes. The Tornadoes added two more unanswered goals in the first half; Drew Jones scored from close range on an assist from Joshua Oppenheim, then Holst followed with his second goal on a feed from Ian Tune. In the second half Matt Beadle, Ian Tune and Chris Staton provided a formidable defense, with goalkeeper Drew Jones stopping the only shot on goal. In the final minutes of the game, Jarrett Jespersen passed to Chris Staton for the fourth goal.

Then, the Lindenhurst defeated a solid Wauconda team 1-0, avenging its only loss of the season. Scoreless at the half, the teams played hard following the break. With less than 10 minutes left in the game, the Tornadoes' Drew Jones pounced on a deflection and volleyed the ball inside the near post for the only goal in the game.

Goalkeeper Joshua Larson was once again solid in the nets, stopping all four shots he faced.

Tryouts  
Basketball

The head coaches at **Carmel** will sponsor a **boys and girls basketball clinic** for area grade schools and youth coaches on Oct. 13 from 10 a.m.-1 p.m. The agenda will include an introduction of Carmel's coaching staff, and defensive and offensive fundamentals. Time has also been reserved for a question and answer period. The clinics will take place in the Salvi Arena. Coaches will be involved in floor drills, and are asked to wear gym shoes.

**Hooked on Hoops**, a youth basketball club, is holding its fall Wednesday sessions on Oct. 17, and 24 from 7-8:30 p.m. at the Fremont Middle School, located on Fremont Center Road west of Mundelein.

The emphasis of the camp is skills development. Players learn fundamentals and advanced skills of ball-handling, passing, drib-

bling and shooting.

Boys and girls ages 2-7 are encouraged to attend. The fee is \$50. Players should bring their own basketball. For further information about this camp or Hooked on Hoops' new Saturday camp combining skills development and inter-league competition, please contact the Hoops hotline at 970-9300.

## News and notes

Soccer and basketball leagues are now forming at **The Lake County Sports Center**, located at Oakwood Ave. in Waukegan. For basketball, boys grades 7-and-8 will meet on Monday's November through December while fifth- and sixth-graders will meet on Friday's. There will be two 20-minute games with a running clock. The cost is \$55 per player, including T-shirts. Teams are formed based on pre-season evaluations. Limited space is available, so hurry! Call Russ Kinka at 855-8726 for further details.

For indoor micro soccer, kids ages 4-5 will meet on Tues., grades 1-2 on Wed., and grades 3-4 on Thurs. There will be two 20-minute games. The cost is \$65 per player, including T-shirts. Teams are also formed based on pre-season evaluations. Limited space is also available for this league, an affiliation with the Warren Blazers Soccer Club. Please call Russ Kinka at 855-8726 or Janet Albert at 662-5731 for sign-ups or further information.

LAKELAND  
NEWSPAPERS

October 12-18, 2001

**R**ob Smith's uncle Ron had been playing pool for years. He basically taught his nephew how to play.

Now that experience is paying off for Smith.

That's because he joined a pool league in Kenosha, Wis. over the summer.

"It's been great," said Smith. "The competition is good and we're in first-place."

Smith's team, Rack and Roll, capped off a first-place effort following its victory in the division championship on Oct. 2. Rack and Roll is part of a six-team division playing for The Barn, located on 52nd Street in Kenosha. Five teams play for the Barn while one comes out of Cid's City Zoo.

Mike Sturucz, a bartender and future partner at The Barn, simply wants to add a pool trophy to his arsenal.

"Basically, I just wanted to play," he said. "I'd love to get another trophy. I have one already in darts, bowling and arm wrestling."

These are just a couple of examples of the "over the top" enthusiasm and excitement generated from playing in the American Poolplayers Association. The APA is the largest nationwide governing body for amateur pool.

It all started in 1979 when professional players Terry Bell and Larry Hubbard founded the National Pool League. It became the American Poolplayers Association three years later.

Currently, there are over 185,000 members in the APA, the most of all other national leagues combined.

In the early 1990s, the APA, also known as the Canadian Poolplayers Association in Canada, picked up Camel as a national sponsor. Molson was added as a national sponsor in 1999. Camel is actually recognized as the official tobacco of the APA and has title sponsorship of the Camel 8-Ball National Team Championships and the Camel/APA Speed Shot National Competition.

Besides the competition and camaraderie developed from playing in the APA, money, trophies and a trip to Las Vegas for the National championships are possible for any and every team. Teams qualify for the nationals if they win their division, which usually runs in 10-15 week increments.

"It's a league for everyone—young and older players, advanced and beginners," added Smith.

To qualify, teams have to win their respective division. They then have to win a regional tournament, which consists of division winners throughout the region.

Teams have to have five players while two or three substitutes are recommended. The roster

for a team can't exceed eight. As far as scoring, the APA uses The Equalizer, a unique system that makes it fair for all players, novice or advanced—it handicaps the

player's ability. That means in 8-ball competition, the player has to win four games if he or she is rated a 4, to defeat their opponent. In 9-ball, the league The Barn sponsors, the

player has to make a certain number of balls or points corresponding with their handicap in order to win a match. All new male players start as a 4-handicap. New female players start out as a 2-handicap. The lowest is a one while some of the better players can go up to a high as nine in 9-ball. In 8-ball, the lowest handicap is a 2 for both men and women while the highest is a seven.

The Barn is the latest to enter into the world of the APA. J.R. Buhs of Pleasant Prairie, Wis. and his wife Lisa, coordinated the beginning of the franchise. Buhs has been playing in the APA for over 20 years. He played for divisions in South Dakota, Illinois and now Wisconsin. Along the way while playing in the APA, Buhs met his wife.

After playing his playing stints in South Dakota and Madison, Wis., J.R. and Lisa moved to Pleasant Prairie, Wis.

Two years ago, he made the initial call to the APA, wanting to start a franchise.

"I just called the national office and told them I'd like to start a franchise in the southern Wisconsin area," said Buhs. "I told them I think there would be great interest. There are a lot of taverns, a lot of players. They agreed to it and that's how I started."

At that time, Buhs also started a 9-ball division out of Papa Gus' in Salem, Wis. That division consisted of four teams. Around the same time, he started another 4-team division based out of Waukegan. Teams included Poor Richard's in Gurnee and Saddle Ridge and Booner's in Waukegan. Booner's has since dropped out. Cruisers out of Beach Park was the fourth team. It has already made a trip to the Nationals in Vegas. Raul Padron, owner of Cruisers, said there is always an open invitation for any team that wants to enter the league.

Being a player and fan of the APA, Buhs said that it was an easy commitment to make in his pursuit of starting the franchise.

"I've played in some other leagues and people get mad sometimes. They're too intense," said Buhs. "I just really liked the APA. It affords everybody a chance to play. It's a lot more fun. Plus, your team can earn a spot for the Nationals in Vegas whereas other leagues, you don't have some of these opportunities."

Speaking of Vegas, Buhs has played on APA teams that finished as high as fifth.

The APA has also opened doors for long-time APA member Don Adams, a native of South Shore, Wis., located just outside of Lake Geneva. A full-time mechanic and fabricator for Pat Serrid, Inc., Adams sells and repairs cue stick

# Restaurant serves children's etiquette expert

The First Lady of Social manners for the young set, Paula Person, is arriving at Carlos' Restaurant in Highland Park, on Oct. 21, at 5 p.m.

The occasion is "Dinner is Served" with Paula Person. Since 1983, Paula Person has been designing educational five course dinners for children, in a superb dining atmosphere. Person will be working with Chef Ramiro Velazquez, Pastry Chef Fran Buryne and Carlos' Restaurant.

The chefs will be putting their expertise to work creating a beautiful educational presentation. The pastry chefs will be designing a captivation dessert especially for the young ladies and gentlemen to devour. Chef Buryne will also give a demonstration for the guests to enjoy.

Owner Carlos Nieto of Carlos' and Person assist in sponsoring "Dinner is Served." Many young people have the opportunity to attend, with no age limitation, except that children must be able to cut their food independently. Attendees are dressed in their best and may come with friends, sitting by age group. Parents, if they wish, may eat in another dining room.

The price is \$55 per person inclusive. Previous events have been filmed and recorded by "WYCC, Channel 20 Chicago" and "WMAQ CBS 670 AM."

Person orchestrates the evening providing new adventures in food and conversation. Table etiquette, manners and poise will be covered.

and equipment on the side.

"The APA has benefited me in several ways," said Adams, who plays for Sit-in-Bull in the Powers Lake area, just outside Twin Lakes. Twin Lakes, also one of Buhs' leagues, also has four teams.

"The leagues are 90 percent talking to people and shooting pool," continued Adams. "My business is pretty much word of mouth. Playing in the leagues helps garner interest."

Adams, a 7-handicap, was playing for 8-9 years when he learned of a McDermott dealer in the area. McDermott is one premier brands when it comes to pool cues and equipment. Adams called them, began buying cues from them for his business, and now

is a dealer for them.

The Chicagoland area is one of the major hotbeds for pool players. League operators Rob and Mary Guzzo have over 450 teams playing in the APA within the Chicago area.

Buhs would like to see his business grow to include hundreds of teams.

"It's going to take a little time," he said. "But the interest is there. Hopefully with the winter coming, more teams will join. It's really a great sport for anyone and everyone."

Overall, with the divisions in Twin Lakes, Kenosha and Waukegan, Buhs has 14 teams. Starting in the spring, Buhs will have another 4-6 teams playing out of Twin Lakes. The APA requires him to have at least 25 teams playing in order for him

# Combined choruses to perform

*Male voices come together; sing in English and Swedish*

Three Swedish male choruses will combine forces at the Viking Voices in a concert on Sunday, Oct. 14 at 3 p.m. in the Village Presbyterian Church, Church and Shermer Sts., in Northbrook. Featured guest soprano soloist will be Margie Karl.

The Chicago Swedish Glee Club, the Chicago Swedish Male Chorus, and the Waukegan Swedish Glee Club—all members of the American Union of Swedish Singers (AUSS) — will raise their voices in English as well as Swedish songs to raise funds to help finance their 2002 convention.

Twelve Midwestern Swedish choruses, all motivated to enjoy singing beautiful Scandinavian and other music, will be

invited to attend this central division singing convention June 12-15. The convention will be hosted by the Waukegan Swedish Glee Club and guests will be housed in Gurnee Holiday Inn.

The Chicago Swedish Glee Club is directed by Steve Burke. The Chicago Swedish Male Chorus and the Waukegan Swedish Glee Club are directed by Jeff DeLay. Accompanist for the Viking Voices will be Ruth Porikos.

Soprano Margie Karl is well known in Chicagoland and beyond. A graduate of North Park University, Karl has done extensive graduate studies in voice. Karl had appeared on Swedish National Television as well as other radio and television programs. Margie received a medal from King Karl Gustav of Sweden for her musical contributions.

Tickets for the Viking Voices concert on Oct. 14 are on sale now for \$10 by calling the concert hotline, 622-3791 or from individual chorus members. No tickets will be sold at the door.

## Trumpeter begins concert season

Ronald Romm, trumpeter of worldwide acclaim, will inaugurate Lake County Community Concert Association's 49th season on Oct. 13 at 7:30 p.m. in the Orlin D. Trapp Auditorium at Waukegan High School, Brookside and McAree.

Other concerts in the series are the Great American Chorus on Nov. 10; Frua Folk Dance Company on Feb. 3, 2002; Boston Brass on Mar. 10; and the Manhattan Rhythm Kings on Apr. 6.

Price for all five concerts is \$60 for adults, \$30 for students age five through high school, and \$160 for family subscriptions (Two adults and students at same address). Call Donna Fortney at 244-7465 for tickets or for more information.

# Moonlight 'til Midnight at Richardson Farms Corn Maze

**R**ichardson Farms announces Moonlight 'til Midnight on Saturday nights at their over seven-mile long corn maze. The corn maze will be open until midnight for an exciting challenge with the last admission at midnight. The maze is cleared at 1 a.m.

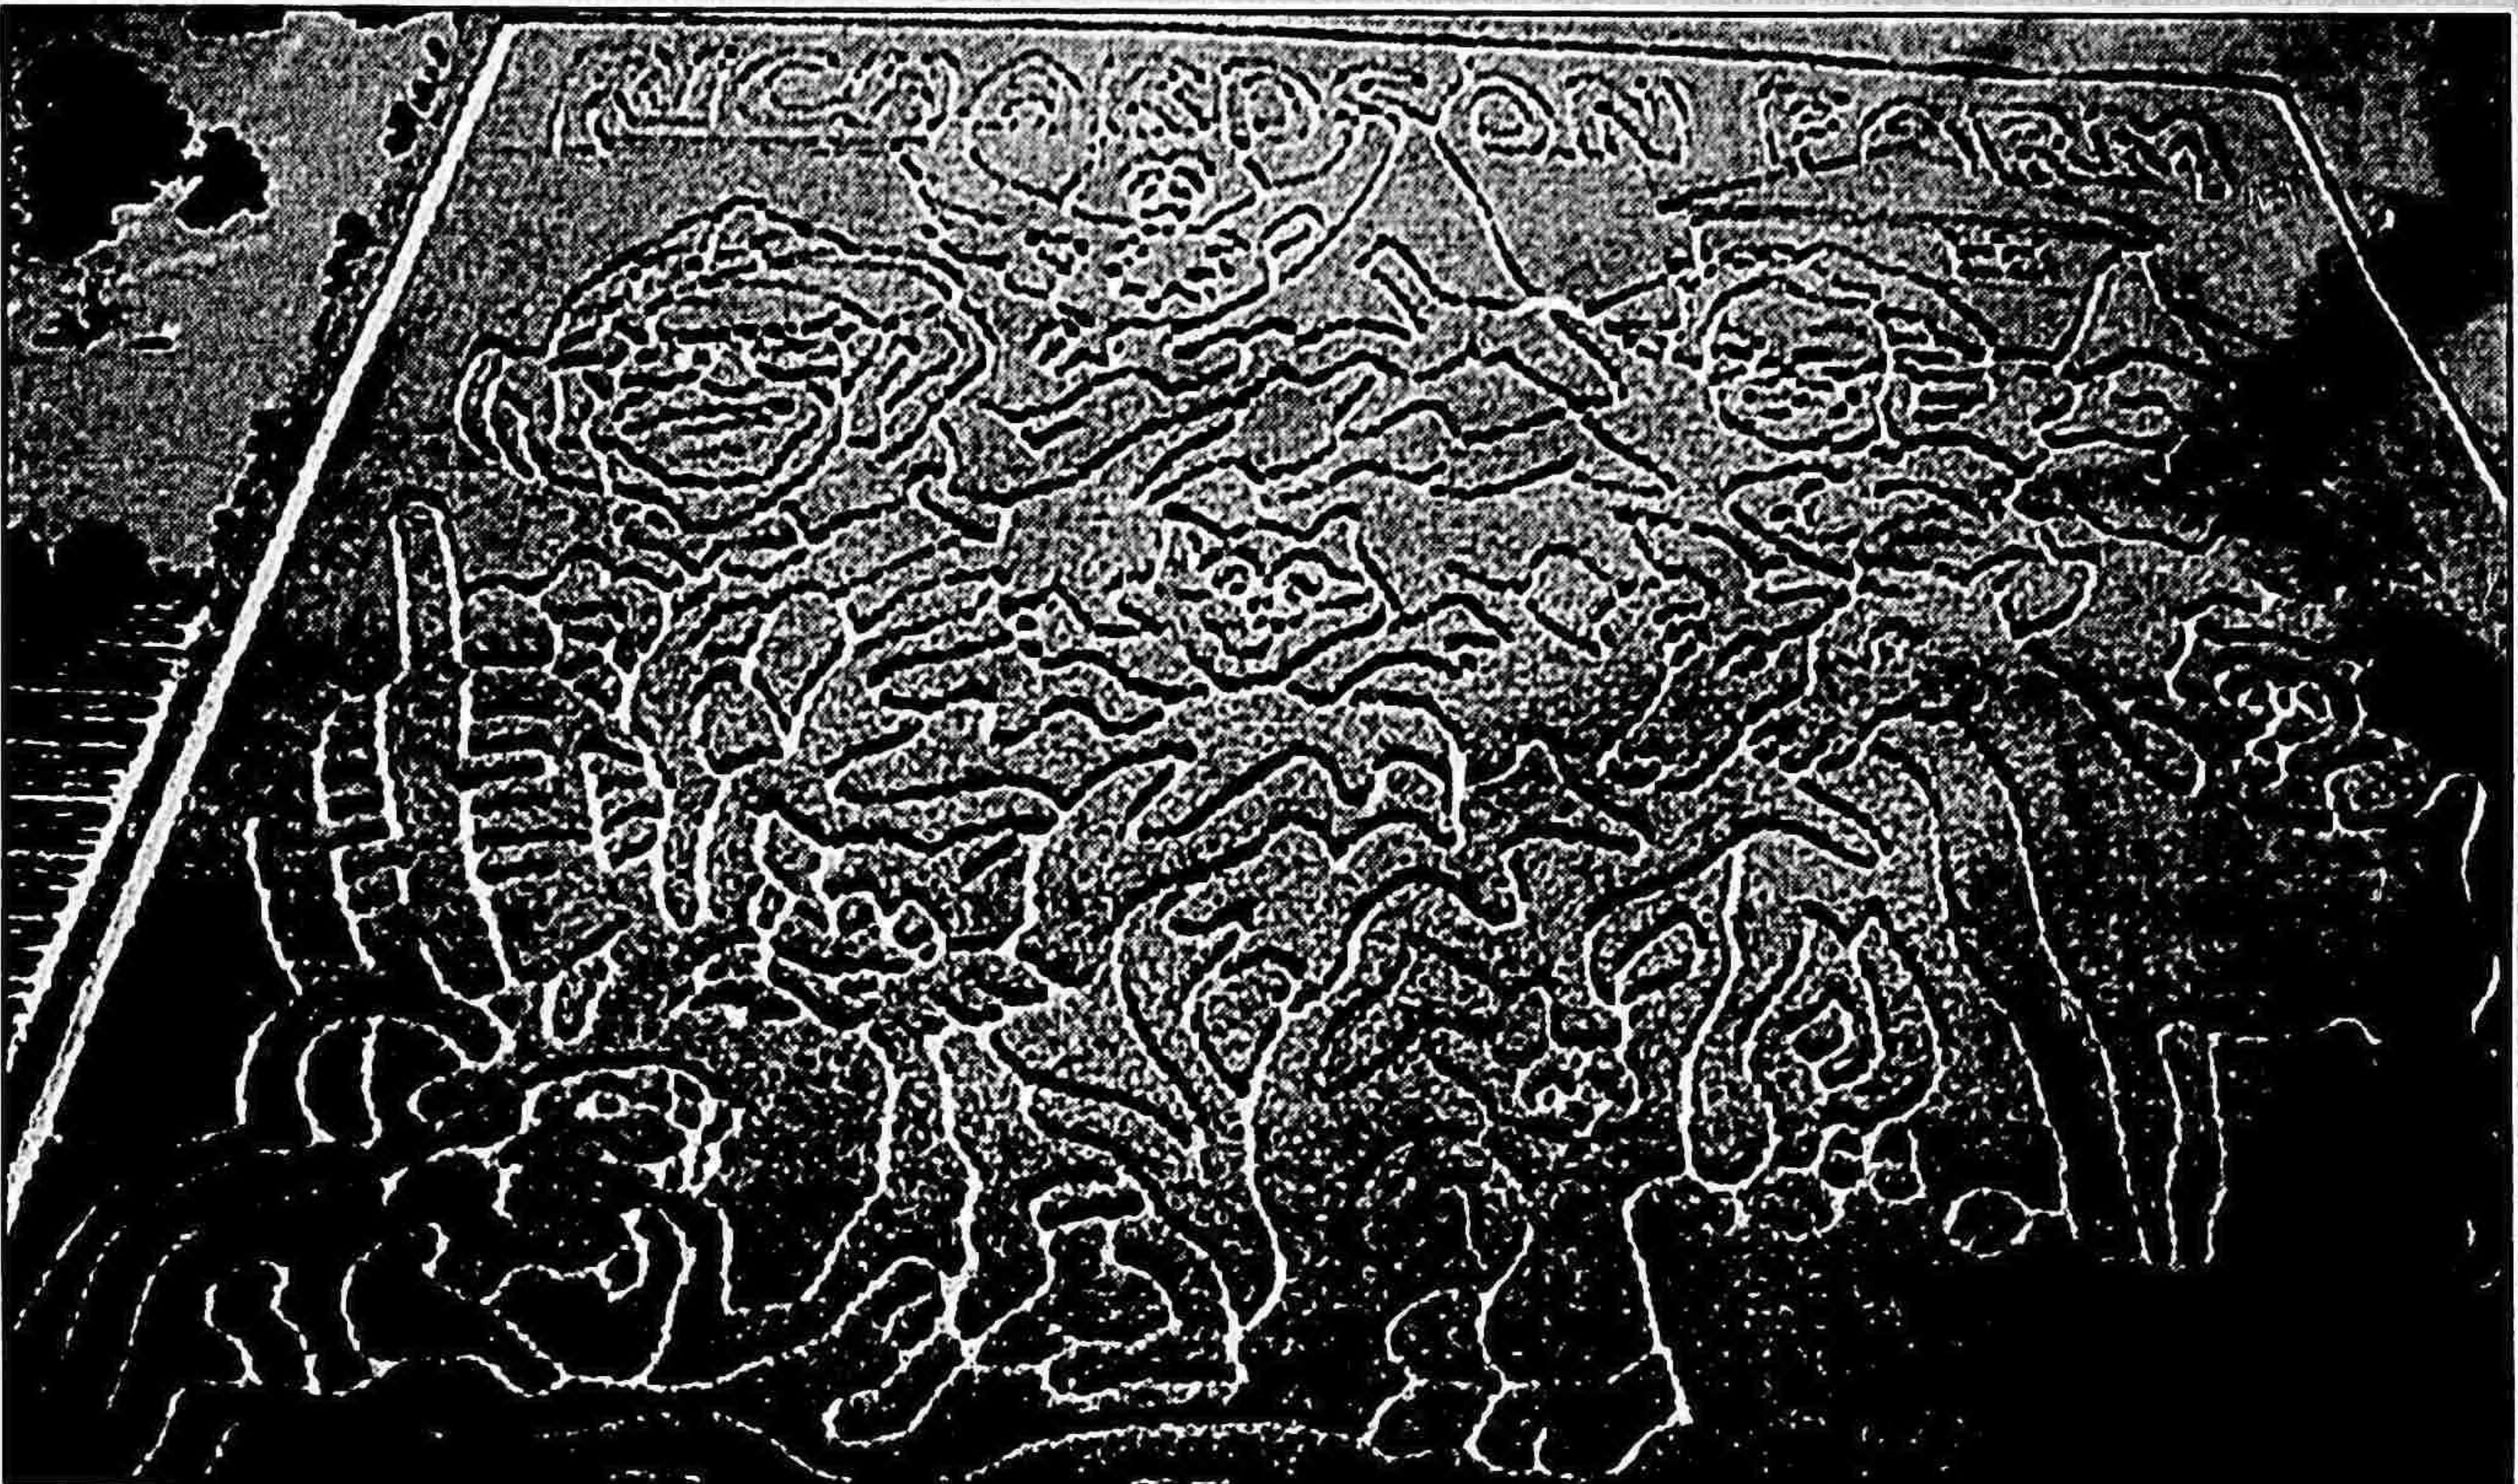

Bring flashlights or purchase one from the farm, but remember, the moon provides light. Glow necklaces, snacks and drinks will also be for sale.

The Richardson Farms corn maze is open every day through October 28. It's a real maze complete with dead ends, loop arounds and multiple paths. Spread over 18-acres of cornfield, three inter-connecting mazes of varying challenge and two bridges form a giant picture.

To create the maze, the cornfield was planted both north to south and east to west to form a dense stand. The maze was then programmed onto a computer. When the corn was ten-inches high, the seven miles of trails were walked using a Global Satellite Positioning System in a backpack interfaced with a laptop computer. Trails were marked with orange paint and tractors with rototillers were used to cut the trails.

Richardson Farms is located just off Rt. 12 near the Wisconsin border. Take Rt. 12 six-miles west of Fox Lake to Spring Grove and watch for the signs, or take Rt. 173 west off I-94, 12 miles to Spring Grove.

Call Richardson Farms for more information at 815-675-2297 or visit the web site at [www.RichardsonFarm.com](http://www.RichardsonFarm.com).

Seven miles of trails winding through 18-acres of corn make up the three inter-connecting mazes of varying challenge at Richardson Farms in Spring Grove. The maze forms a giant picture of a caricature of farm owners Margaret and Owen Richardson shown in a farm setting with a barn, tractor, Christmas tree, and four animals.

## Cosby to perform at event to benefit Midwest Children's Brain Tumor Center

**B**ill Cosby will be the featured entertainer at a gala evening to benefit the Midwest Children's Brain Tumor Center, Nov. 9 at the North Shore Center for the Performing Arts in Skokie. Performances are scheduled for 6 p.m. and 8:30 p.m.

The 6 p.m. show, "Cosby and the Kids," will be dedicated to children and the 8:30 p.m. show to adults. Proceeds from both shows will help fund the "Wings of Hope" program, which helps subsidize the cost of treatment, travel and living expenses for economically disadvantaged children who suffer from brain tumors.

Illinois Attorney General, Jim Ryan and his wife Marie are the honorary chairpersons for the event. The Ryans are avid supporters of the Center, having lost their daughter to an undetected brain tumor. Ryan says, "The Center provides children with brain tumors and their families an extraordinary combination of professionalism, compassion and state-of-the-art technology in a child friendly, loving environment."

The Center at Advocate Lutheran General Hospital, Park Ridge, is recognized by physicians as among the leading centers internationally, for the treatment of pediatric brain tumors. Providing patients with the most technologically advanced treatment available along with vital support and education programs, the Center offers an environment that promotes healing and normal child development.

Tickets are available for the 8:30 p.m. performance and can be purchased by calling Cindy Nelson at 723-5183. The \$250 per person admission cost includes a reception following the show.

## Stage Two presents 'Wait Until Dark'

**I**f Lake County theater goers have a chance to see just one play this fall, it definitely should be Stage Two's production of the 1960s thriller, "Wait Until Dark," according to the play's director Steve Genovese. He adds that it will allow them to feel a range of emotions and "that's what theater is about, making you feel."

"Wait Until Dark," by Frederick Knott, will open on the stage of The Estonian House on Oct. 18 and run through Nov. 10. Show times are Thursday and Friday at 8 p.m. and Sunday at 4 p.m. The Estonian House is located on Estonian Dr., just 1/4 mile north of Deerfield Rd., just off of Milwaukee Ave., in Lincolnshire.

Stage Two has been bringing a variety of quality theater productions to Lake County for more than 15 years. Genovese says, "it's great to work with a smaller company that has the ability (or willingness) to take risks. This is a challenging show—something to be commended in an era of let's do the same show as everyone else because it will make money."

Steve Misetic, who plays the evil Mr. Roat, adds that he feels that theater goers are overexposed to special effects and they are hungry for the dialogue rich intellectual evening of theater that will scare the pants off of them, afforded by attending "Wait Until Dark."

"The audience will be right in our laps and all around us to compound the suspense and the excitement for both the audience and the actors," interjects Misetic.

### THEATRE REVIEW

The plot concerns an extremely vulnerable blind woman and her child when they are outnumbered and targeted by three sighted murderous men. A scary premise that has not only held up for more than 40 years, but is still considered a thriller in this or any time frame.

Other cast members are Amanda D. White as Suzy Hendrix, Joseph McCauley as Mike Tallman, Richard V. French as Sgt. Carlino, Kurt Bloom as Sam Hendrix, Jennifer Hall as Gloria and Chris Brouton as the policeman.

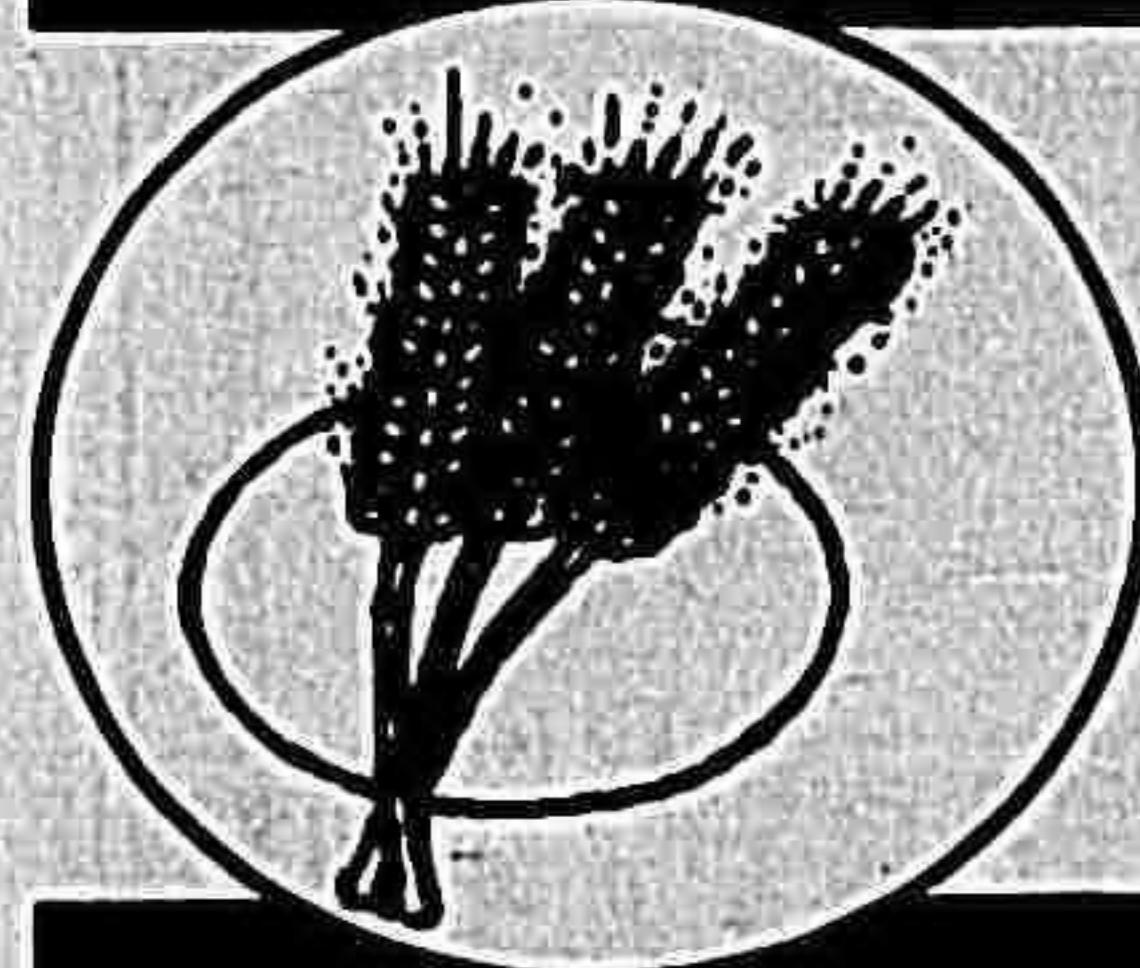

Stage Two is known for not offering the usual theater fare. "We do theater for the sake of the work, not to please the lowest common denominator and bring in the big bucks," says French, Stage Two's president.

The rest of the cast uses words like "nail biter," "intense," "exciting," "different," "fun and suspenseful" in describing Stage Two's latest show.

Producer Wendy Kaplan has announced that in keeping with Stage Two's desire to interest young people in live theater, a special discount is being offered to students on Thursday nights when they can invite their parents to join them for only \$5 each. In addition to the Thursday Night Student Special, an offer of 2-for-1 or 2-for-\$15 is also being made on Thursday.

Call 432-SHOW for tickets. The cost is \$15 for the general public, \$12 for students, museum members, and the military. Groups of eight or more pay \$10 each.—By Gloria Davis

## SPECIAL EVENT

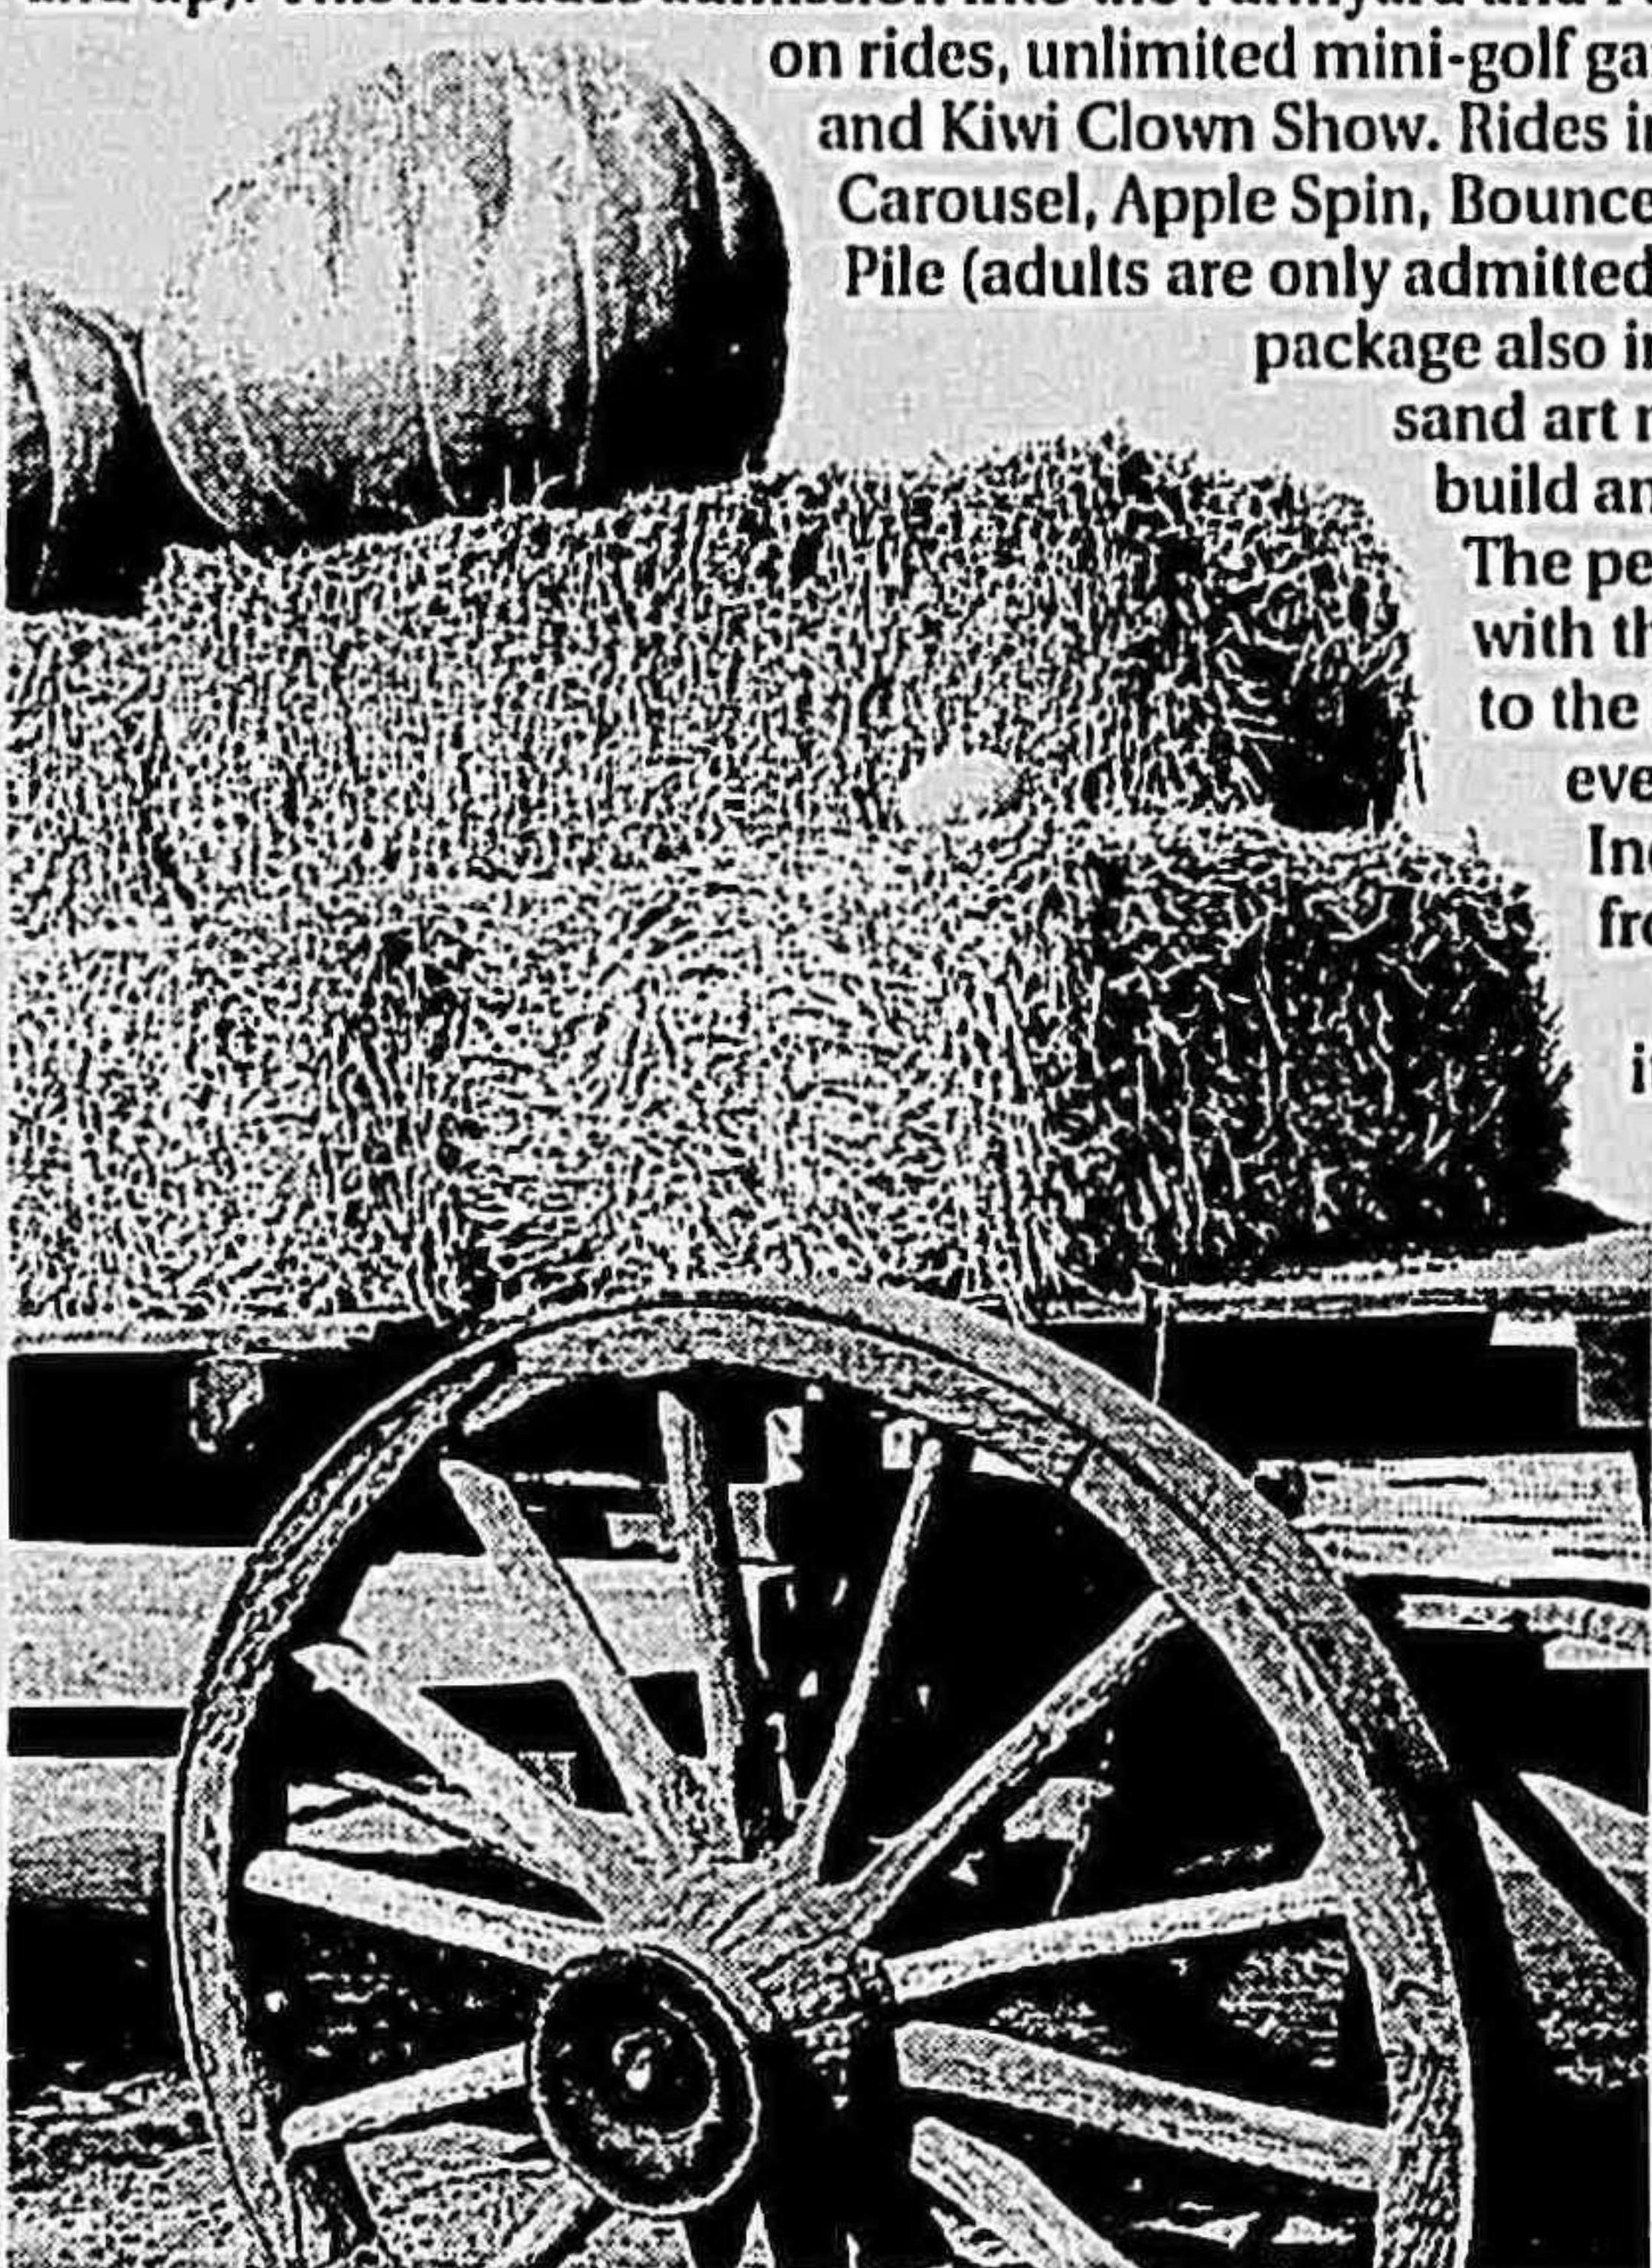

# Farmyard Fall Fun Fest is fun for the whole family

The Farmyard of Lambs Farm is proud to present its Farmyard Fall Fun Fest. The festivities will be taking place on Sunday, Oct. 14 from 10 a.m. to 5 p.m. There will be fun seasonal activities and exciting entertainment for visitors of all ages. Individual packages or per-activity pricing will be available and parking is free.

The "All Day Admission" package is \$15 for kids (ages 2-12) and \$5 for adults (ages 13 and up). This includes admission into the Farmyard and Petting Zoo, unlimited access on rides, unlimited mini-golf games and admission to the Jo and Kiwi Clown Show. Rides include the Mini-Train, Carousel, Apple Spin, Bounce House and the Giant Leaf Pile (adults are only admitted in Mini-Train ride). The kid's package also includes crafts such as one sand art necklace, one scarecrow to build and one pumpkin to decorate.

The per-activity pricing is available with the purchase of a \$2 admission to the Farmyard and Petting Zoo for everyone 2 years and up. Individual activity prices range from \$1 - \$2.

Along with the festivities, the pumpkin patch, open mid-September-October, will be selling gourds, Indian corn, straw bails, cornstalks and of course pumpkins. Food and beverages will be available at the Country Inn Restaurant and the Snack Shop. No picnic baskets or coolers will be allowed; all proceeds from concession sales benefit Lambs Farm programs for adults with developmental disabilities. For additional information please call 362-4636.

# Wolf awareness day at Volo Bog

Over 200 wolves inhabit many of the wild places just north of the Illinois border. Wolf packs can be found in the forested regions just two hours north of Madison. Could they ever return to northern Illinois? Probably not. But it's fun to speculate. Join Volo Bog State Natural Area and the Friends of Volo Bog on October 14 as they team up with the Timber Wolf Alliance to celebrate Wolf Awareness Week.

The day will include family activities for kids and adults. Take home a hand-made plaster cast of a wolf track. Learn to use the radio telemetry equipment that aids biologists in monitoring wild wolves. Meet Wolf Awareness Week poster artist Jim Turgeon and receive a free Wolf Awareness Week poster (supplies limited). Join in on fun games to learn about predators like the wolf, and how they can keep a balance in nature. Take part in the wolf howling contest (all ages). See if you can be the best wolf howler in northern Illinois. Learn about Wisconsin's wolves from Wisconsin DNR biologist and program supervisor Randy Jurewicz. Randy, the event's keynote speaker will present from 3-4 p.m.

Wolf Awareness Day at Volo Bog is part of the nationwide Wolf Awareness Week effort sponsored, in part by Timber Wolf Alliance, a non-profit, education organization based in northern Wisconsin. Reservations are requested, please phone 815-344-1294 or stop by the Volo Bog Visitor Center.

Volo Bog State natural Area is an Illinois Department of Natural Resources located on Brandenburg Rd. west off Highway 12 between State Routes 120 and 134 in Ingleside.

### St. Charles offers variety

Located just one hour west of Chicago, St. Charles offers the perfect destination and remains true to its 19th century heritage. Founded in 1834, the city has preserved many of its original homes, churches and buildings where guests can take a step back in time to early Americana.

Unique to this city is its charming downtown where museums, historic districts and architectural treasures are within walking distance. Antiquing is a tradition that dates back more than 30 years when the nationally famous *Kane County Flea Market* began.

Visitors can tour the Fox River aboard two *Paddlewheel Riverboats* that cruise the water from Pottawatomie Park. Tree-canopied paths and bike trails contribute to the outdoor recreational opportunities found.

On the second full weekend in October, more than 100 hand-crafted scarecrows assemble for the *St. Charles Scarecrow Festival*, a family event since 1985. This year, the festival falls on Oct. 12-14. Hours are 9 a.m.-10 p.m., Friday and Saturday; 9 a.m.-5 p.m., Sunday.

Entering a scarecrow in the contest is free and open to everyone. The prize money of \$2,750 is divided among the top three winners in each category. The Children's category features a total of 10 winners. Results of the three-day voting event are announced on Sunday afternoon in Lincoln Park, where all entries are displayed.

The *Family Fun Trail* along the Fox River offers interactive displays to delight children.

The *Autumn on the Fox Art & Craft Show*

features more than 200 artisans and crafters in Pottawatomie Park. This juried show and sale is held from 9 a.m.-5 p.m. during the festival.

Live entertainment can be enjoyed nearly every hour of the festival at two locations—the gazebo in Lincoln Park and at the Municipal Center on the east side of the Fox River.

For information on trails, events and attractions, call 800-777-4373, or visit the web site at [www.visitstcharles.com](http://www.visitstcharles.com).

### Other events in St. Charles

Saturday, Oct. 12-*2nd Annual Civil War Ball* American Legion Hall, 8 North 2nd Ave. Step back in time to the 1860s and partake in a formal ball. Period music and dance (with instructions provided). Period dress is encouraged. Open to all ages. This fund-raiser for the Farnsworth Mansion Foundation takes place from 7-10:30 p.m. and cost is \$10 adults, children 5-12 yrs-\$5, under 5 yrs free.

Saturday, Oct. 13-*One-Day Muster at Camp Kane* Be a Civil War cavalry trooper for a day at Langum Park in St. Charles. Hours are 9 a.m. until 4 p.m. with a minimum \$25 donation. Participants must be at least 14 years of age. Sponsored by the Farnsworth Mansion Foundation. Call 630-660-4443 for information.

Saturday and Sunday, Oct. 20 and 21-*Fox Valley Fall Antiques Show* The Kane County Fairgrounds, Main St. & Randall Rd. in St. Charles will be the venue for this event featuring quality antiques with 54 dealers from 13 states. Hours are Saturday, 10 a.m.-6 p.m.; and Sunday, 10 a.m.-5 p.m. Admission charged. Call 630-377-6424 for information.

segments, each between two and three-and-one-half miles long.

To gain a different perspective, take a *lake cruise* offered by Geneva Lake Cruise Line on "The Lady of the Lake," a twin-staked Mississippi paddle wheel steamer. There's also a special fully *guided fall hike* along the lake front shore path from downtown Lake Geneva to Williams Bay. Following the four-hour walk, the tour continues via boat along the remaining shoreline back to port.

For the more adventurous, *helicopter tours* are available via a classic Bell 47 "bubble" helicopter from Aero Optics located in nearby East Troy. For a quieter ride, Sunbird Balloons and A Lighter Than Air Affair offers *hot air balloon rides* high above Geneva Lake and the surrounding area.

For more information on Lake Geneva, call the Lake Geneva Area Convention & Visitors Bureau at 800-345-1020 or visit the web site at [www.lakegenewavi.com](http://www.lakegenewavi.com).

# Lake County Forest Preserves offers a view of the season

## Autumnfest

Scarlet, ginger, amber and ocher are the colors of fall. The Lake County Forest Preserves and the Friends of Ryerson Woods invite all to celebrate the season at **Autumnfest**, a special event designed to appreciate the beauty of fall. Tree color hikes, wagon rides, traditional craft demonstrations, games and music will fill the day on Sunday, Oct. 14 at Ryerson Woods, Riverwoods Rd. in Deerfield.

Festivities begin at noon and all ages are invited. The festival is family friendly and there will be something for everyone to enjoy. There is no registration required and cost for the day is \$5 per person for Lake County residents and \$7 for non residents.

For additional information on Autumnfest, call 968-3321.

## Fall color hikes

The Forest Preserves will host **fall color hikes** on Sunday, Oct. 14 at Wright Woods, St. Marys Rd. in Mettawa and Sunday, Oct. 21 at Ryersons Woods, Riverwoods Rd. in Deerfield. The hikes will feature brilliant maples along the Des Plaines River, which offer some of the best autumn colors in Lake county.

The hikes take place from 1:30-3 p.m. on both dates. Registration and prepayment is

required. Cost is \$5 for Lake County residents and \$7 for non residents. To make reservations or for more information, call 968-3321.

## Like to hike?

The Forest Preserves continues the challenge with its third annual **"Hike Lake County"** program. Enjoy the fall breezes and autumn colors while exploring designated "Hike Lake County" trails. Complete seven of the trails during the challenge period and earn a commemorative shield for your walking stick. The challenge takes place from September 1 through November 30.

To participate, stop by one of the "Hike Lake County" centers and get a Travel Log. Centers participating are: Brae Loch Golf Club, Rt. 45 in Grayslake; General Offices at Milwaukee Ave. in Libertyville; Greenbelt Cultural Center, Green Bay Rd. in North Chicago; Lake County Discovery Museum, Rt. 176 in Wauconda and Ryerson Woods, Riverwoods Rd. in Deerfield.

At each preserve, look for the "Hike Lake County" symbol and the trailhead for the correct route. Once completed, return the log into the center and collect a commemorative shield. Hiking sticks are available for sale at many of the centers.

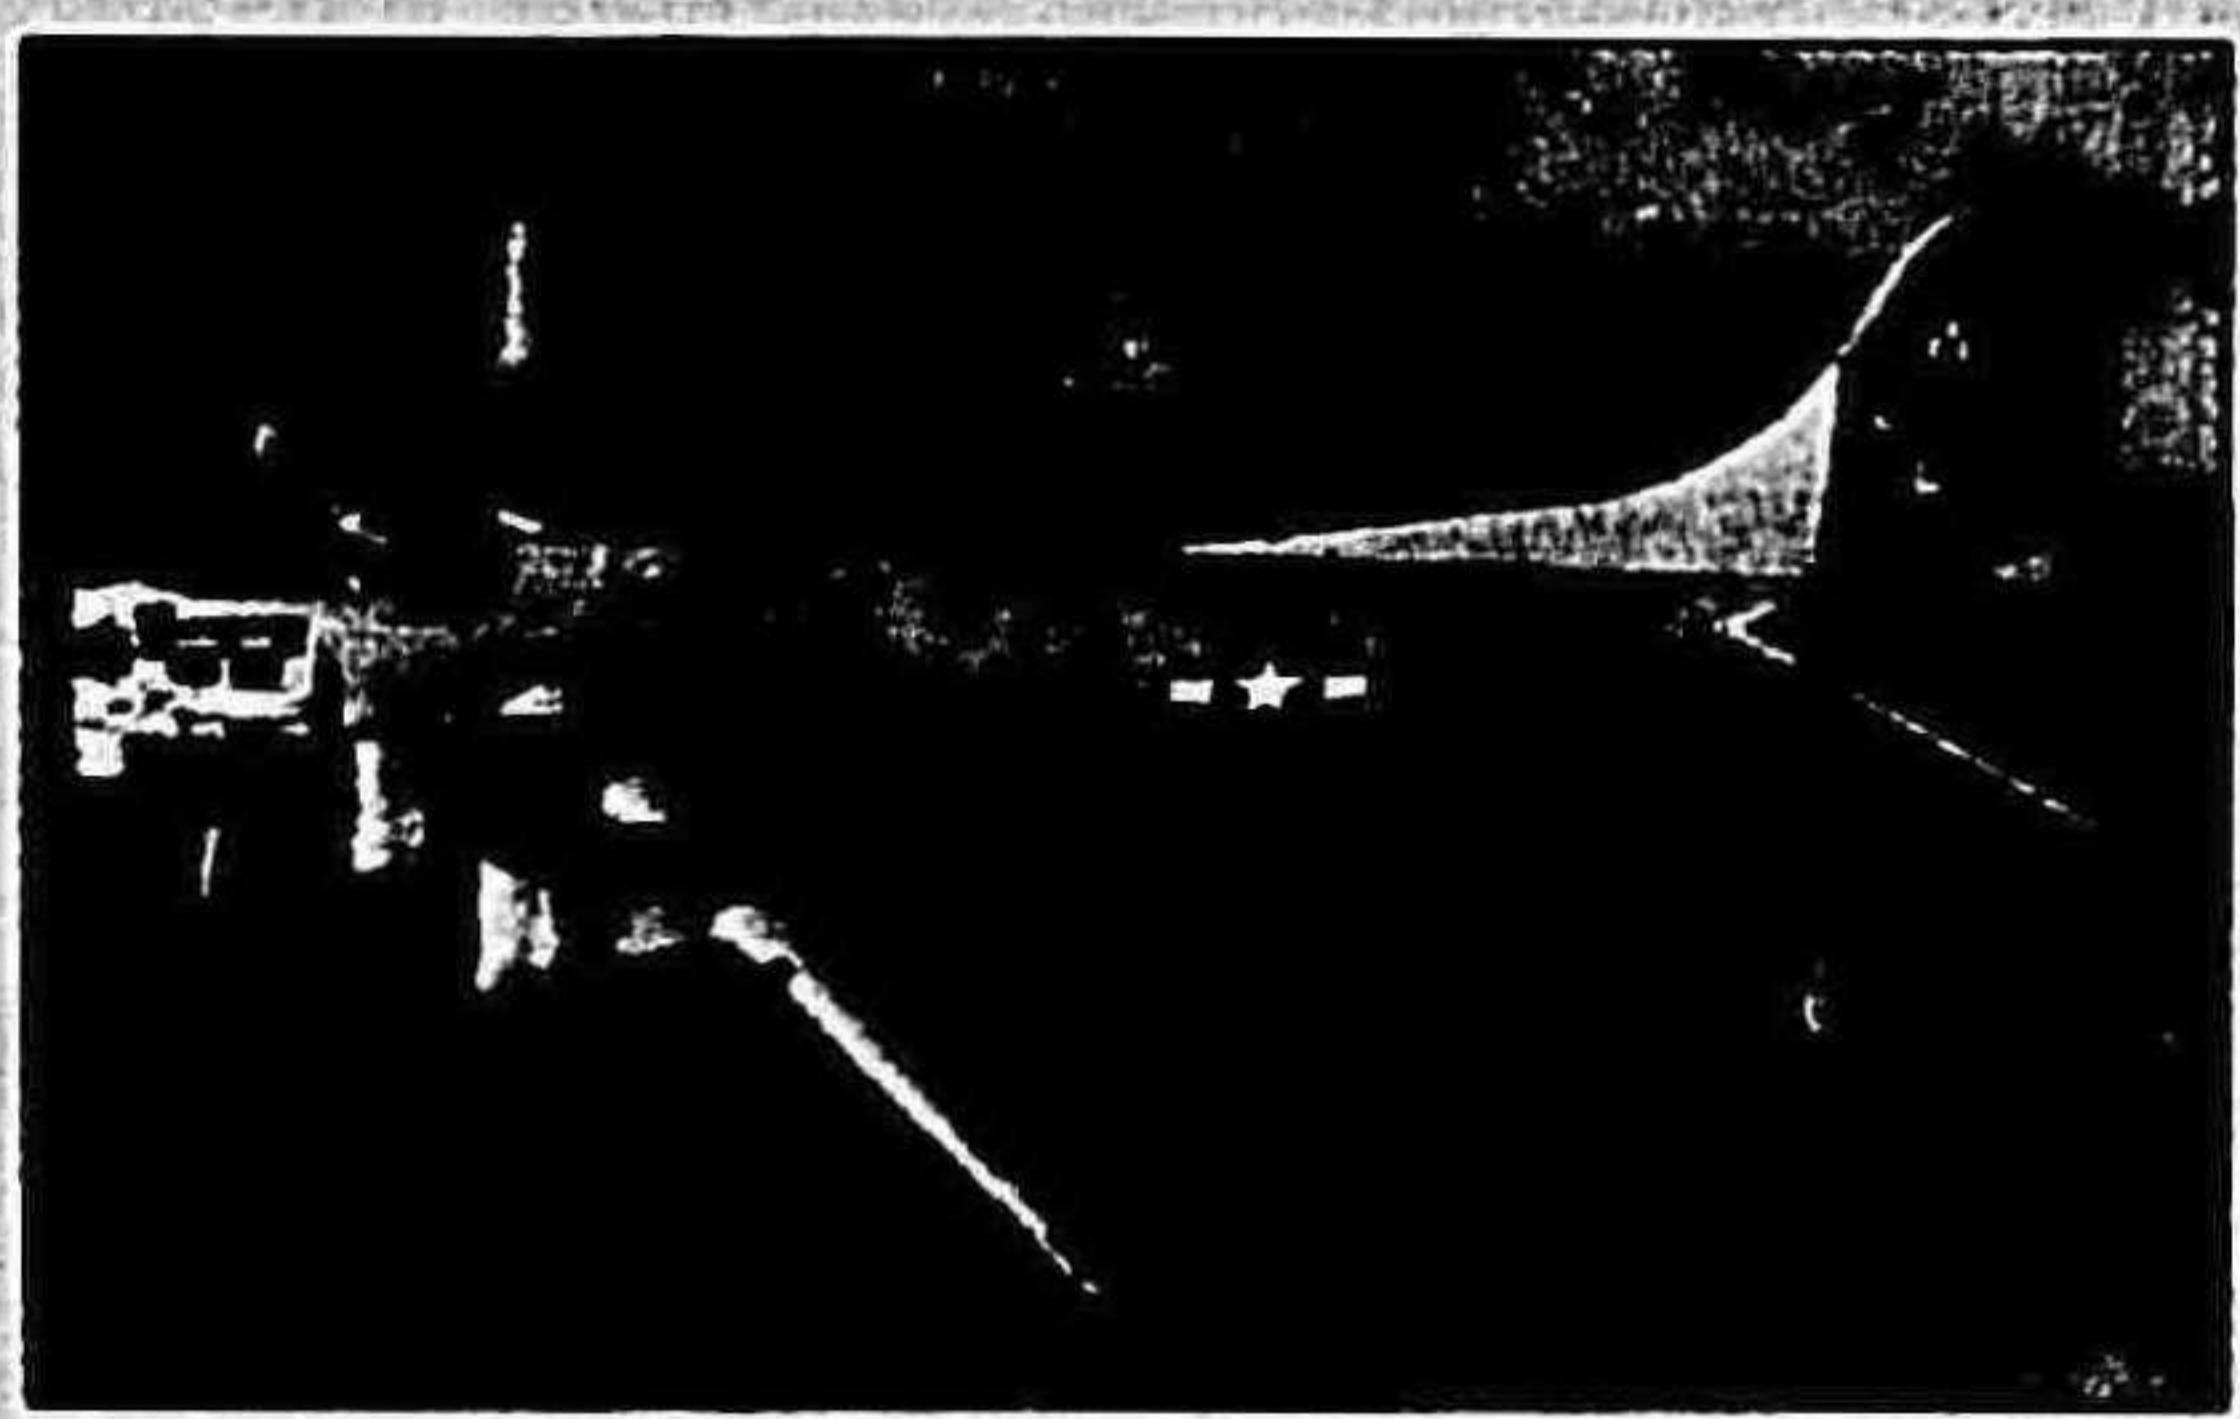

Full program information, including activities for children and seniors, are available on the web site at [www.co.lake.il.us/forest](http://www.co.lake.il.us/forest). For a request by phone, call 968-3321.

Over 23,215 acres make up the Lake County Forest Preserves, a dynamic and unique system of natural and cultural resources.

# a flying fortress

Members of the Lake County Chapter of experimental Aircraft Association are sponsoring a visit of the EEA Aviation foundation's B-17 "Flying Fortress" bomber. The restored B-17 "Aluminum Overcast" will be at Waukegan Regional Airport through Monday, Oct. 15. Tours are available at the South Ramp for \$5 per person. Rides are being offered at \$375 each. The "Aluminum Overcast" was built in 1945 and delivered to the Army Air Corps too late to see active service in World War II.

# 'Serendipity' is no accidental discovery

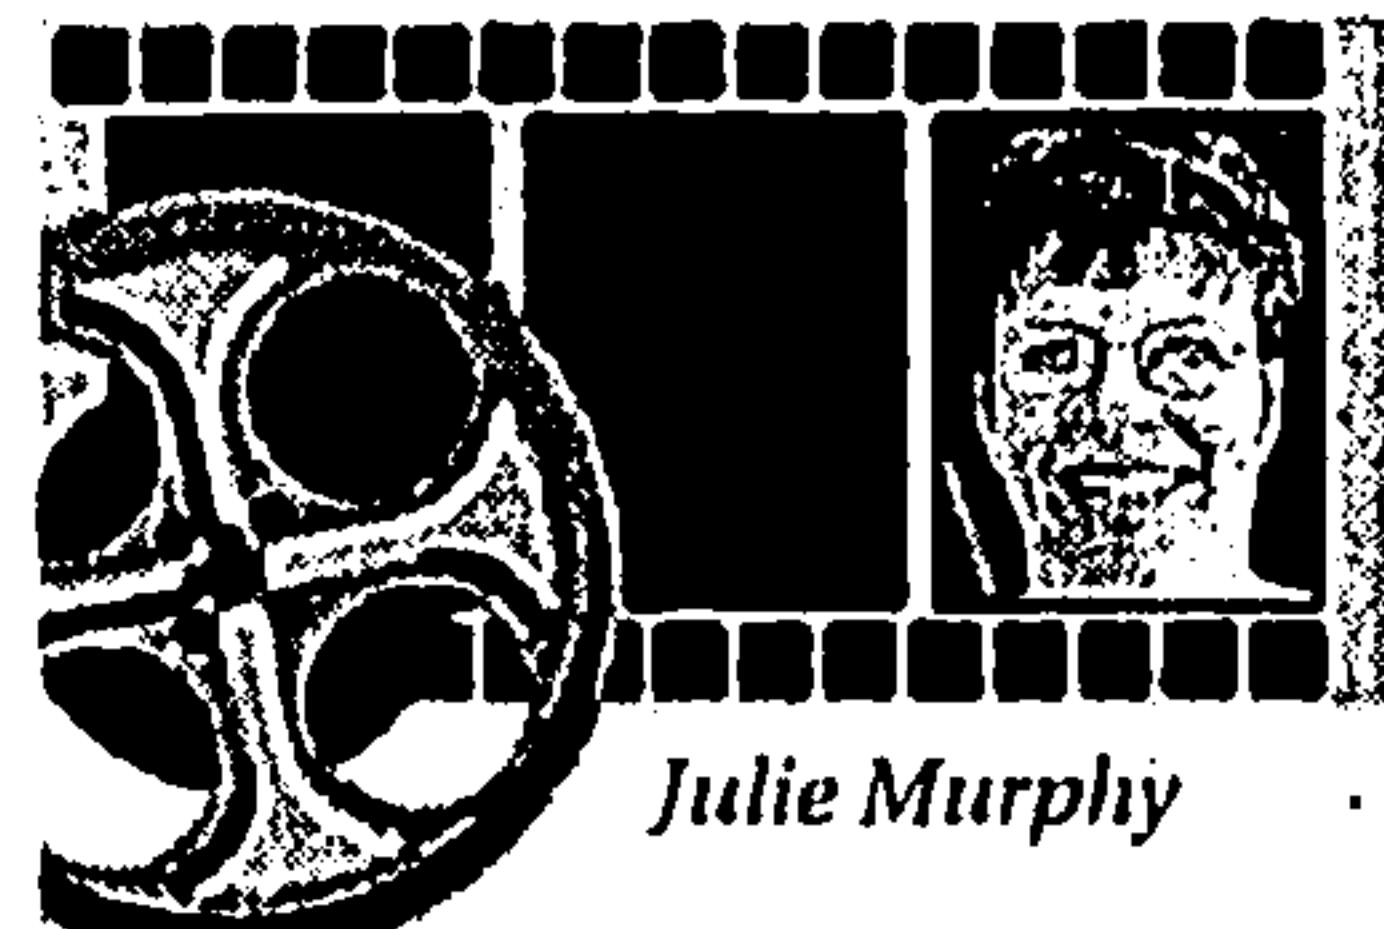

There is nothing accidental about the reasons why "Serendipity" works. A good script and a great cast compensate for the movie's lack of original plot.

Jonathon Trager (John Cusack) meets Sara Thomas (Kate Beckinsale) in Bloomingdale's five days before Christmas. Both reach for the same pair of black cashmere gloves. Both want the gloves for their respective love interests.

Jonathon lets Sara buy the gloves, and as a thank you, she takes him to a place called "Serendipity" for a frozen hot chocolate. As they talk over their drinks, both come to believe fate has brought them together.

Both leave and then return to retrieve items accidentally left behind at the Serendipity. From there they spend the evening together and concoct a plan to determine if they were indeed fated to be together. Jonathon writes his information on a five-dollar bill to be circulated while Sara writes hers in a book to be sold at a used bookstore the following day. If these items fall into each other's hands, then they will know they were

## movie review

Julie Murphy

meant to be together.

From here, the movie flashes forward by a decade. Both Jonathon and Sara are engaged, but not to each other. Jonathon is three days away from marriage. Various coincidences cause him to think about Sara. He, and best friend Dean Kansky (Jeremy Piven), set off on a search for her.

Unlike many romantic comedies that concern themselves with ruining peoples' lives by leaving them at the alter, this movie walks a thin line between glorifying infidelity and recognizing that one's fiancée and true love may not be one and the same.

## 'Serendipity'

### Rating

PG-13

### Director

Peter Chelsom

### Starring

John Cusack

Kate Beckinsale

Jeremy Piven

Molly Shannon

Brigid Moynahan

North Shore's John Cusack enjoys a laugh with Kate Beckinsale in the romantic comedy "Serendipity."

Cusack and Piven, real life best friends since grade school, are perfectly paired as best friends in this movie. Beckinsale is extremely charming to say the least.

Because of the cast's chemistry, it's easy to suspend one's disbelief of the improbable story line.

Notable supporting characters are Molly Shannon and Eugene Levy.

Shannon, who is either extremely funny or very annoying, distinguishes herself as the latter. Though not every character can be likeable, one would have hoped that Shannon could have brought more to her character, a lesbian friend of Sara's.

Levy, also capable of being

either annoying or hilarious, was a scene-stealer in his appearances as a salesman at Bloomingdale's. It's worth the price of admission to see Levy, Cusack and Piven act together in the short but memorable scenes.

The script was not nearly as predictable as the plot. The dialog was personable, witty and came across as heartfelt. As an audience member, one could slide into feeling that these were old, comfortable friends.

One thing that was a little hard to take was seeing a New York that no longer exists, but that's not a fault of the film.

Though those in charge may

have been better off waiting for a holiday release (the movie does begin a few days before Christmas), "Serendipity" is fun and doesn't require a lot of thought. Those who are fans of Cusack, Piven or Beckinsale won't be disappointed.

On the other hand, those who feel that "When Harry Met Sally," "Sleepless in Seattle" and "You've Got Mail" are more than adequate to cover the topic of fate in relationships, should stay home and save their money.

This movie earns three and one-half popcorn boxes for providing good entertainment.

## 'Hail and Farewell' theme of Orchestra's new season

**T**he Waukegan Symphony Orchestra begins their 2001-02 season under the theme, "Hail and Farewell" at 4 p.m. Oct. 28. Music Director Stephen Blackwelder has chosen a colorful collection featuring the Overture to *Cosi fan tutte*, "Overture to William Tell," *Elegie for Violoncello* featuring Wm. Anthony Porter, cello, and other masterful pieces.

This is the first of four concerts the symphony orchestra will be presenting this year. Maestro Blackwelder comments, "I am quite excited about the variety of works that we will present for the enjoyment of our audiences (and ourselves)."

Future concerts include the pops concert, "A Christmas Journey" with the Waukegan Concert Chorus and special guest Clifton Davis on Dec. 16, "The British Isles Await" on March 3 and "Classics thru the Ages" on April 28. All concerts are presented in the Orlin D. Trapp Auditorium in the Waukegan

## HOROSCOPE

### Aries - March 21/April 20

This week you will get along surprisingly well with others, Aries. You'll find an opportunity will arise to mingle with influential people — it could mean a big promotion. Put your high energy to good use. Sports activities will help you to eliminate the stress and tension you feel at work.

### Taurus - April 21/May 21

You'll find you need to have patience with loved ones, Taurus. You may try to sort things out by talking openly about your concerns. You should consider connecting with old friends who can offer an open ear to your problems and help you sort through family squabbles. Expect some big news by the end of the week.

### Gemini - May 22/June 21

Someone you thought you were close to is not being honest with you. You had better start asking questions before it's too late. Be prepared for a confrontation on Wednesday when the truth will finally be discovered. You'll need to keep the information learned a secret from others.

### Cancer - June 22/July 22

It's time to pursue your creative dreams. Don't stop doing the things you love because they haven't been lucrative. Put the past behind you and expect that success with ventures is just around the corner. Work will be hectic but rewarding — just keep your goals well in sight.

### Leo - July 23/August 23

Perhaps you've been pampering yourself a bit too much lately. It's time to share the wealth and stop admiring your reflection in the mirror. Pay attention to individuals who would benefit most from your company. Buy gifts for children and senior citizens you know to show a generous spirit.

### Virgo - Aug 24/Sept 22

You've had a nagging feeling about someone close to you for a while, Virgo. Your suspicions will turn out to be correct. Yet, as much as you want to share this information with others, it's best to keep it your deep, dark secret for a while or else it could backfire on you. Concentrate on work to keep your mind busy.

### Libra - Sept 23/Oct 23

Money is a little short this week, so you'll proba-

bly have to spend your evenings at home. You won't be bored, however — a special someone is bound to drop by for a visit and to keep you company. Keep some romantic movies nearby.

### Scorpio - Oct 24/Nov 22

You are able to look at things from a different perspective, Scorpio, which sparks creative ideas for a large work project. The higher-ups will be singing your praise by Thursday when a power lunch could lead to financial gain. Your prosperity will come in handy for home improvements.

### Sagittarius - Nov 23/Dec 21

You may have to revise original plans this week, Sagittarius. Just because things aren't going exactly how you expected, doesn't mean that they won't turn out for the best. Be sure not to make hasty decisions because you've been known to jump the gun in past circumstances.

### Capricorn - Dec 22/Jan 20

A close friend will ask to borrow something valuable yours. It's best to carefully consider if you want to lend out this cherished item — your friend is not known for being responsible. You may feel a bit under the weather by Wednesday, making work a challenge. Stick it out until Friday.

### Aquarius - Jan 21/Febr 18

Your quest for the morally right gets you into some hot water at work, Aquarius. Not everyone agrees with your lofty ideas and you step on a few toes on your road to righteousness. Take a subtler route next time and you'll find more people will be receptive to what you say.

### Pisces - Feb 19/March 20

Observation can be your greatest teacher this week, Pisces. Don't get nervous with your new job, you'll catch on faster if you learn by imitation. An evening get-together with friends will lead to more than just interesting conversation.

# LAKE COUNTY

AWARD WINNING CLASSIFIED INSIDE

October 12-18, 2001

## Democrats pick Patt, Pickles and Ryg

By SHANNON FRICOLONE

Staff Reporter

On Tuesday, Oct. 9 the chairman of the Lake County Democrats, state senator Terry Link, announced several candidates for the 2002 election.

Senator Link, surrounded by candidates and supporters outside of the College of Lake County's South Campus, located in Vernon Hills, gave a brief statement and announced the candidates.

"I am very concerned for the well being Lake County and I support each of these candidates," said Link.

Candidates for Sheriff, as well as a few other positions, will be announced at a later date.

"Each of these individuals have been active participants within their communities and have made strides in enhancing the county," said Link.

Greg Jackson, a candidate for the Lake County Board, said that his campaign is about people and the quality of life.

Key to his platform is protecting the environment, encouraging economic development that is reasonable and responsible, relieving road congestion and finding property tax relief for the residents of Lake County.

Dr. Patricia Pickles who is currently the superintendent of North Chicago High School has been selected as the candidate for Regional Superintendent of Schools.

Pickles is a national figure in secondary education.

"It is an honor and a privilege to be selected as a candidate for this position. I am ready.

The following individuals are supported by the party for positions at the federal, state and county level:

**Melissa Bean**  
candidate for eighth Congressional District

**Patrick Patt**  
candidate for Lake County Clerk

**Dr. Patricia Pickles**  
candidate for Regional Superintendent of Schools

**Kathy Ryg**  
candidate for State Representative

**Robert Sabonjian**  
candidate for Lake County Board

**Angelo D. Kyle**  
candidate for Lake County Board

**Pam Korpas**  
candidate for Lake County Board

**Audrey Nixon**  
candidate for Lake County Board

**Nancy Shepardson**  
candidate for Lake County Board

**Greg Jackson**  
candidate for Lake County Board

**Carol Spielman**  
candidate for Lake County Board

I truly believe in children and administration," said Pickles.

Kathy Ryg, a candidate for State Representative is deputy in the county's Recorder of Deeds office.

She is the former village clerk of Vernon Hills. Ryg has also run for county office unsuccessfully in the past.

"I am looking forward to the challenge. I

am ready and excited," said Ryg.

Patrick Patt, the candidate for County Clerk is the retired superintendent of Green Oak Elementary Schools.

Robert Sabonjian and Angelo Kyle, are both running for county board seats in separate districts. Both candidates are also incumbents of Waukegan.

Audrey Nixon is a candidate for the Lake County board. She is an incumbent from

North Chicago.

Carol Spielman, a Highland Park resident, is also running for a county board seat.

"All these candidates possess the skills to lead our community into the twenty first century.

I am proud to be surrounded by such highly qualified candidates for the upcoming election cycle," said Link.

## Republicans adopt diversity goals

*Foreman chosen as new Lake County Republican Federation President*

A new president and a new commitment to diversity were accepted by members of the Lake County Republican Federation at their annual meeting.

The new president is Fred Foreman of Gurnee, former Lake County state's attorney, former U.S. Attorney for the Chicago district, who now is in private law practice with a prominent Chicago firm.

The commitment to diversity was called for by outgoing president Barry MacLean, chief executive officer of MacLean Fogg Co., Mundelein, and village president of Mettawa.

MacLean charged the Federation, a support and fund raising arm of the Lake County GOP, to "reach out." He said it's vital for Republicans to recognize the diversity of Lake County. He noted that there are 40,000 Hispanic voters in the county who do not vote or vote Democratic.

The diversity theme was emphasized by Robert "Bob" Stuart of Lake Forest, an elder statesman of the party and former CEO of Quaker Oats Co. In accepting the 2001 Robert Milton Award for service to the Federation, Stuart commented, "We've got to be known for more than being a bunch of white guys from Lake Forest."

Stuart was one of the organizers of the Foundation 39 years ago. He served as an ambassador during the Nixon Administration.

Foreman, a native of Warren Township and a graduate of Warren Township High School before attending the Air Force Academy, promised to work hard to further Foundation aims and he called for cooperation in "expanding the Republican tent."

Three prominent Lake County Republicans gave brief talks. Lt. Gov. Corinne Wood, a resident of Lake Forest and a past

Foreman

Foundation president, said Illinois is prepared for an uncertain future after the Sept. 11 terrorist attacks. "We have leaders who are working hard to make sure we will be safe," Wood pleaded, "Let's get back to business."

One of three candidates for the GOP nomination for governor, Wood declared Illinois needs a governor who will stand up to special interests. "The Republican party in Illinois is at a crossroads," she said.

In his remarks, Congressman Phil Crane (R-Ill.), a resident of Wauconda, said many wealthy newcomers to Lake County are "left of center who vote Democratic," ignoring Republican principals that provide for a strong economy and the opportunity to amass wealth. He called for Foundation members to recruit newcomers.

Congressman Mark Kirk, freshman Republican representing the diverse and heavily Democratic North Shore, reported that he and his wife have become Lake County residents by taking residence in Navy housing at Ft. Sheridan.

Kirk updated the partisan audience on preparedness efforts in the nation's capital and related personal connections to one-time co-workers who died or were injured in the Pentagon attack. "They were folks we used to have pizza with," the young Congressman remarked soberly.

A former Naval Reserve pilot, Kirk said the U.S. had a lot of catching up to do to improve security. He said 90 percent of the scanners at Dulles Airport in Washington, D.C. are not American, a statistic that stunned his audience.

## Sheriff examining preparedness

*Will hold informational anti-terrorists workshop*

To enhance capabilities to respond to incidents of terrorism, the Lake County Sheriff's Office will hold an informational Terrorist Resolution Preparedness workshop on Tuesday, Oct. 16.

The workshop is for law enforcement personnel only.

This workshop is designed to properly assess current concerns and needs relating to our preparedness for preventing and managing terrorist attacks, and will involve the participation of representatives from local, state and national agencies.

At this workshop we will also be examining our mutual aid agreements throughout Lake County, the level of threat of chemical or biological attack, and how to best coordinate all of the various resources available to us," stated Sheriff Gary Del Re.

"By no means is this workshop intended to be an exhaustive study of the terrorist issue.

**'We, in law enforcement, must do everything within our power to apprehend these extremists, and eradicate the forces of terrorism in our country'**

Gary Del Re  
Lake County Sheriff

These same persons enjoy the blessings of our free society, yet commit themselves to its destruction. Religious beliefs shared by these individuals encourage unprovoked radicalism against United States citizens as a means of attaining spiritual rewards. We, in law enforcement, must do everything within our power to apprehend these extremists, and eradicate the forces of terrorism in our country."

## Help Raise Funds For The Firefighters

In response to the disasters in New York City, Washington, D.C. and Pennsylvania, Lakeland Media is organizing a fund to help benefit the International Association of Firefighters, based in Washington, D.C., and we need your help. The IAF helps fallen firefighters and their families by donating the money they receive to the International Association of Firefighters' Emergency Fund. The donation numbers below are only a suggestion. Please feel free to give any amount you wish. Call Marc Jenkins at (847) 223-8161, Ext. 131 for more information. All proceeds will be sent to the IAF. We will run regular updates to show how much is raised. Our goal is to raise \$5,000.

## Crimestoppers lauds 14 helpers

Strong support Lake County Crimestoppers receives from the judiciary and law enforcement agencies was lauded at an annual Recognition and Awards luncheon.

Lt. Gov. Corinne Wood served as guest speaker and presented the crime fighting unit with an American flag that has flown over the nation's capitol.

Wood, a resident of Lake Forest, was among 14 persons honored at the luncheon at Waukegan Yacht Club.

Chief Judge Jane Waller, Circuit Judges Henry Tonigan and Ray McKoski received recognition as did State's Atty. Michael Waller and Jeff Pavlik, chief deputy in the state's attorney's office.

Also recognized were Sheriff Gary Del Re,

Under Sheriff Gary Stryker; Libertyville Police Chief Pat Carey, representing the Lake County Police Chief's Assn., Illinois Police Assn., Metropolitan Enforcement Group (MEG), Grayslake Police Chief Larry Herzog, Antioch Police Chief Charles Watkins and Circuit Court Clerk Sally Coffelt.

Executive Director Andy Anderson pointed out that Wood was instrumental in passing "Scott's Law," legislation cracking down on reckless drivers who are careless in emergency areas and road construction zones. This commitment to making roads safer for men and women working in emergency situations gave Wood the honor of becoming the honorary chair and national advocate for the Emergency Responder Safety Institute.

## Buggy loading spot eyed in Long Grove renovation

At two town meetings, residents of Long Grove were given a picture of what their historic business will look like if approved for renovation.

Estimated cost of the project that would be installed in 2003 is \$2.5 to \$3 million.

Improvements are being considered for Old McHenry Road and Robert Parker Coffin Road. Cost will be shared by Lake County, state, village and property owners.

Historic Long Grove is a prime Lake

County tourist attraction.

Proposed improvements include placing all overhead utility lines underground, eliminating on-street parking, sidewalk repair, new street lighting and marking a bicycle path.

Under plans being studied, there would be 24 pick-up/delivery spaces created and there will be a horse and buggy loading area for a proposed pedestrian plaza on Old McHenry Road.

Public meetings were held Sept. 22 and 23.

## Forest Preserves celebrates AutumnFest

The whole family will enjoy celebrating fall together with wagon rides, tree color walks, traditional craft demonstrations, kids' activities, music and more at the Lake County Forest Preserves' annual AutumnFest celebration on Sunday, Oct. 14, from noon to 4 p.m., at the Ryerson Conservation Area near Deerfield.

AutumnFest celebrates the changing of the seasons when autumn colors are at their peak in Lake County. This traditional family festival is a great way to spend a wonderful fall afternoon out in a forest preserve. Lake County Forest Preserve naturalists and volunteers will lead tree color walks, highlighting the bright yellows and reds of the maples and oaks, and explaining the mystery of how trees change color.

Children and adults will have a chance to try their hand at different traditional crafts and activities. Lake County's early heritage is celebrated through spinning, quilt-

ing, wood carving, and many other demonstrations. Many of the artisans will have their wares for sale. Learn to roll a hoop, walk on stilts, build a scarecrow or play "Graces." Equipment and instruction regarding these activities will be available throughout the afternoon.

AutumnFest activities run from noon-4 p.m. Admission is \$7 (\$5 for Lake County residents) per person. Admission is free to Friends of Ryerson Woods members. Refreshments will be available for purchase. All ages are welcome. No reservations are needed. The festival is made possible through the support of the Friends of Ryerson Woods.

Ryerson Woods is located near Deerfield at 21950 N. Riverwoods Rd., north of Deerfield Road, and south of Half Day Road (Route 22), just west of the I-94 tollway near Deerfield. For more information, call Ryerson Woods at 968-3321.

## Poster contest set by Health Dept.

*Students will increase awareness about responsible pet ownership*

Lake County students, from sixth-eighth grade, have an opportunity to express their creativity, build awareness about responsible pet ownership, and win free services for their pets. The Lake County Health Department/Community Health Center's Animal Control facility in Mundelein is sponsoring its first Animal Shelter Appreciation Week.

Poster entrees should be on white paper, no larger than 12 by 18 inches. The poster should visually represent the theme "responsible pet ownership," but the theme should not appear in writing on the poster design. Each poster must be the work of an individual student in sixth, seventh or eighth grade. On the back of each poster, the following information must be printed in the upper right hand corner: student's first and last name, home

address, home phone number, grade, school, school phone number and teacher's name.

An overall grand prize, and first and second prizes will be awarded. Winning entrees will be displayed at the Animal Control facility during Animal Shelter Appreciation Week, Nov. 4-10. They will also be displayed on the Health Department's web site: [www.co.lake.il.us/health/ehs/animal](http://www.co.lake.il.us/health/ehs/animal).

Any student interested in submitting an entry should contact the LCHD/CHC's Animal Control facility at 949-9925 to obtain rules for submitting entrees. Entries can be mailed to or dropped off at: Lake County Animal Control 29278 N. Highway 83, Mundelein, IL 60060. Posters must be received no later than Oct. 31. Winners will be notified by Nov. 2.

## Kirk requests economic development funding for Waukegan and North Chicago

U.S. Rep. Mark Kirk (R-IL) provided officials from the U.S. Commerce Department with a first-hand look at sites in Waukegan and North Chicago currently seeking assistance from the Economic Development Administration (EDA), an agency of the Commerce Department. Kirk, during a tour of the two communities which began outside the gates of Great Lakes Naval Training Center, explained to David Bearden, deputy assistant secretary and chief operating officer of the EDA, that the revitalization of 22nd Street in North Chicago and lowering water and electric lines in Waukegan Harbor are key economic development projects important to lowering unemployment and increasing property values in these communities.

Kirk, joined on the first leg of the tour by North Chicago Mayor Bette Thomas and

other city officials, stood outside the now-closed North Gate entrance to Great Lakes and told EDA officials that, "Reopening Martin Luther King Drive to provide access and increased traffic from Great Lakes Naval Training Center into the 22nd Street central business district of North Chicago, is critical to rebuilding a once thriving retail corridor. We believe that opening the North Gate access to the base, which annually trains over 50,000 naval recruits, will increase property and sales tax revenue, create jobs and provide new retail and entertain-

Kirk

ment services by stimulating the redevelopment of areas adjacent to the gate."

Mayor Thomas also discussed plans for a streetscape project designed to attract developers and private sector investment in the North Chicago business district. Phase one of the project calls for schematics, site plans and site renderings as well as engineering documents. Phase two would center around construction of the streetscape project. A recent survey, conducted by the city, of naval personnel showed that most travel off base for dining, entertainment and retail shopping because they found North Chicago "uninviting." The streetscape project will address concerns of both the development and naval community.

Following the visit to 22nd Street, Kirk brought the EDA visitors to Waukegan where they were joined by Waukegan Mayor Dan Drew and other city leaders. The group, traveling by bus, toured downtown Waukegan before stopping at Waukegan Harbor for a look at the area of concern.

"If we are to unlock the potential that we know Waukegan and North Chicago have and increase employment and property values, we must move forward with the revitalization projects outlined," said Kirk. "I look forward to continuing our work and collaboration with EDA as we seek to secure the funding needed to complete these projects and continue to encourage further economic and community development."

# Nation at war: life goes on as we fight back

For the first time since the Civil War, our country is involved in armed conflict that took lives and destroyed property in the United States proper. This nation, our state and our community, is committed to winning a war the likes of which has never before been fought.

When called to armed conflict in the past, U.S. citizens have been able to look forward, focusing on the means to insure victory over the enemy.

In a war with terrorists, Americans are compelled to be wary of their flanks and, yes, even looking over their shoulders to protect our safety and way of life. We are told, and there is no reason to disbelieve, that the enemy could be walking our streets, patronizing local stores, living among us.

Frightening as that is, each and every citizen can fight back in their own way by being who we are and doing what we do. Care-free and, frankly, careless ways of life before Sept. 11 are memories now. Openness, freedom of movement and free-wheeling lifestyles are things of the past, but we believe ardently that our leaders are giving good advice when they urge us to carry on, lead our daily lives and believe in and support the institutions that have made America great and strong.

High school football games were played here and in neighboring communities Friday night and Saturday afternoon. Homecomings are being celebrated. Stores and shops were open for business, offering displays of goods for Halloween fun and early holiday shopping. That is good.

Republicans held a breakfast rally Saturday morning to prepare for coming elections in spring and Democrats announced candidates at a Tuesday afternoon press conference for the March primary. Citizens in Round Lake and Waukegan spoke out against environmental threats of controversial peaker plants, exercising their right of freedom of expression. Citizens in the Antioch area enjoyed the annual Rotary benefit pork chop dinner. Maybe attendance was smaller, but families attending the Lake Villa-Lindenhurst Family Expo were enthusiastic. Guaranteed assembly in safety is a cherished freedom.

Life goes on. Babies were born. Weddings were held. The departed were mourned.

Fearful of encroaching urbanization, residents of rural Mundelein continued their quest for an open space district to protect farms and preserve their countryside atmosphere. Community leaders recognized the efforts of Gurnee Boy Scouts to collect leather gloves for New York City rescue workers.

Even as the missiles rain down on terrorist targets in Afghanistan, we are fortunate that only leaves are falling on Lakeland backyards. Storing the deck furniture and bringing out the jackets and scarves signal the changing season, a comforting ritual that forms a background for television images of suffering people elsewhere in the world. Despite the misery that abounds, Americans rightfully can be proud that a nation's anger can be tempered with humanitarian aid to the innocent.

Doubtlessly, the quest for normalcy will result in a revised definition of the way life is lived in the United States. From now on, the watchword is preparedness. To enhance capabilities to respond to incidents of terrorism, Lake County Sheriff Gary Del Re has scheduled a preparedness workshop Oct. 16.

Sheriff Del Re spells out the reality of terrorism in cogent terms. "Much of the terrorism directed at American citizens is orchestrated and carried out by persons residing in our country. These same persons enjoy the blessings of our free society, yet commit themselves to its destruction. We, in law enforcement, must do everything within our power to apprehend these extremists, and eradicate the forces of terrorism in our country."

Life will go on. Every American, young and old, has a job to do to keep our homeland free and safe. We are at war.

## OPINIONS

## VIEWPOINT

# Wood vs. Ryan will make history

**BILL SCHROEDER**  
Publisher

Opposing forces of systemic proportions are shaping up for a collision in the March 19 Republican primary election.

So far, and expected for weeks to come, Lt. Gov. Corinne Wood and Atty. Gen. Jim Ryan are getting all the attention, but the outcome could be determined by State Sen. Pat O'Malley.

Retired College of Lake County political scientist John Steinke, who has studied more than a half century of Illinois politics, views the 2002 GOP gubernatorial primary as a landmark event with more at stake than candidate selection.

Are Illinois voters ready to elect their first female governor? Can a conservative, pro-life candidate win the governorship in a swing state with a preference for politicians with moderate, middle-of-the-road viewpoints? Is the DuPage County GOP organization strong enough to overcome collar county gender preference?

Ryan is riding the crest of endorsements from former Govs. Jim Thompson and Jim Edgar. This kind of backing gives credence to the old political saw about "strange bedfellows." Ryan is conservative and staunchly pro-life. Thompson and Edgar are fiscal moderates and Edgar is in the pro-choice camp. By any measurement, Thompson and Edgar are closer to Wood philosophically than Ryan.

Wood aides responded to the Edgar endorsement as evidence of the "old boy" network at work. Quite likely. This means that Jim Ryan would be comfortable with the Illinois balance of power providing for a Republican in the governor's mansion and a Democrat mayor of Chicago.

Wood's candidacy undoubtedly will put to a test the stranglehold of DuPage County—and the state GOP—maintained for two decades by Senate Majority Leader Pate Philip and House Minority Leader Lee Daniels. For victory, the lieutenant governor needs to win the collar counties where women vote gender and pro-choice before party dictates. Remember Carole Moseley-Braun? Rather than courting a female revolt, Philip and Daniels might choose to sit out the gubernatorial election.

To submit an entry call Animal Control at 847-949-9925.

### Choking short-cutters

Comments in this column about the problem of motorists short-cutting through quiet neighborhoods to avoid traffic signals or back-ups struck a chord. Viewpoint learned that officials of Long Grove and Kildeer took joint action to reduce traffic volume and speed on Long Grove Rd. by erecting a temporary barricade known as a "choker." The device is designed to create single lane traffic. If the device is successful, the barricade will be made permanent. Say goodbye to speeders and short-cutters.

### Generous hunters

For anyone who thinks deer hunters are cruel and heartless, listen up. Last year more than 19,817 pounds of venison were donated by Illinois hunters in a program to assist food pantries and help feed the needy. According to Dept. of Natural Resource figures, 76,712 meals for needy people were provided through the generosity of deer hunters. Usually, the hunters donate the \$35 meat processing fee.

### Wait til next year

Not a whole lot more to say about the 2001 Cubbies. A year ago the faithful would have traded their souls for a 64 homer year for Sammy Sosa and a 20-game winner in Jon Lieber to trigger a healthy rebound—which was what fans got. Really, a celebration is in order, not hand-wringing.

PARTY LINES, THE LAKELAND NEWSPAPERS' COLUMN OF POLITICAL OPINION, IS PREPARED FROM STAFF REPORTS.

## Kirk revamps agenda after terror attacks

For the time being, the aggressive domestic focused agenda advanced by Congressman **Mark Kirk** (R-10th) has been put on the back burner by events of Sept. 11.

Kirk originally scheduled a town meeting at Highland Park to talk about health care, patient's bill of rights, Medicare, prescription drug benefits and biomedical research, but everyone attending wanted to talk about the attacks and coping with terrorism.

The first-term congressman paid tribute to the nation's "new heroes," firemen, rescue workers, police, office workers and ordinary people. Kirk said residents of his North Shore district have been "extraordinarily" generous in giving to relief funds.

Speaking at a Republican gathering last Saturday morning in Grayslake, approximately 24 hours before President Bush announced strikes at terrorist camps, Kirk assured that there would be "an effective military response." He declared "America is on the move."

ed Anderson. His office now is in the basement without windows.

## Early victory

With more than 700 persons in attendance, a fund-raiser at Country Squire for State Sen. **Adeline Geo-Karis** (R-Zion) had the atmosphere of a post election victory party. As Dr. **Ron Williams** of Lindenhurst put it, "Could well be a victory party. Who's going to run against Geo in 2002?"

## Messerli elected

**Steve Messerli**, hard-driving executive director of the Lake County Forest Pre-

serve District, is the new treasurer of the American Academy of Park and Recreation Administration. A director of the organization since 1996, Messerli will serve for the fiscal year of 2002.

## May pleased

For good reason, freshman State Rep. **Karen May** (D-Highland Park) is delighted with the Democrat version of the General Assembly remap. Why? It puts more Democrats in her home district, which would become the 58th under redistricting. Party leaders are encouraging State Rep. **Susan Garrett** (D-Lake Forest) to run for a new Senate seat to avoid a clash with May.

## Shorter hours

Staff workers are back on regular hours in the Lake County Building Dept. after putting in additional time during the summer to accommodate a heavier load of permit seekers. Normal hours at 8:30 a.m.-5 p.m.

## Kildeer fighting

Kildeer Mayor **Al Stefanak** is leading opposition to a proposed box store on Route 12 because the project is outside the village and would come under Lake County codes. The upscale south county village would grow more if Kemper Properties decides to seek joinder of land it owns on the north side of Route 22.

## LETTERS TO THE EDITOR

## Acting backwards

Why are Grayslake officials picking on the county board, the first people they should have talked to about the Gages Lake RV Park, long before annexing it.

All the people are on the side of the county board. The last thing Warren Township needs is more residential and more traffic.

No matter what the developer says, it's not going to stay 55-and-over for long with no students: Look at Heather Ridge.

We're sticking with our county board on this one. By the way—just how are they going to get those cars out onto Route 45? Or, do those 55-plus people "only go out for groceries at 10 in the morning?"

**Richard E. Lahey**

## Seek answers

The tranquillity and serenity of Lake County has been my home now for over 15 years. Where can you find simple country living, peaceful nights where only the crickets are humming, and an entire animal habitat right at your doorstep? Lake County, of course.

Recently married, my husband and I looked voraciously for a new home. Then, one Sunday afternoon we found our new paradise. As we headed down Nippersink Road, we found Round Lake's Valley Lakes.

We move into our new home in one week. Yet, all our dreams were dashed recently when we found out about the proposed pollution-spewing peaker plant "eyesore" being built less than two miles away from our home, and less than one block away from the high school football field.

Through our initial shock, tears and dismay, we still cannot believe that this monster could actually be proposed in the heart of Round Lake's residential area. We now want to voice our feelings to the Round Lake Mayor or who has not been present at any town meetings.

## Food for thought

I was in France on vacation the day the terrorists attacked all freedom-loving people. During the ensuing days, I had to rely on the television at our hotel for news of those tragic events.

CNN tended to dwell on the human tragedy, and the BBC seemed to look for the causes, reasons and understandably provided a more global perspective.

What struck me most vividly and something I have not heard reported here since I returned, was a BBC report from Muslim and Islamic leaders in Afghanistan. Those religious leaders made the point that the five, six or seven thousand who died on Sept. 11 were inconsequential in the eyes of the American people who allow over five thousand babies to be aborted every day in the United States.

Those remarks should give us all food for thought.

## COMMENTARY

## Route 53 'reasons' being fabricated

By CHERYL DOROS

If you think extending Route 53 will resolve many of our traffic woes, think again. Building this super highway will change the character of Lake County forever and is not the answer to our congestion problems. Following are just a few of the points to consider.

A traffic study recently commissioned by Palatine states they owe the bulk of their congestion problems on the fact that the terminus of Route 53—"combined with development resulted in Palatine and its roadway system acting as a feeder between the regional highway system and surrounding communities."

Extending Route 53 moves Palatine's problem to central Lake County, dumping more traffic on our already congested

**Doros**

roads and attracting more business to southern Lake County. NIPC projects 250,000 people will move to Lake County by 2020. If Route 53 is extended, between 27,500 and 80,000 MORE people will move to primarily western and northern Lake County, work to the south and drive more miles to work, perpetuating sprawl.

Smart growth supporters KNOW new super highways bring more people, traveling more miles, resulting in more sprawl. The Governor's Smart Growth Task Force Report states that new roads bring sprawl. Road builders want to build roads. Sprawl is of little concern to them. With sprawl comes more congestion, pollution, and destruction of natural resources on which we depend. Whether you like open space, trees, wetlands and the life they support, our lives depend on a clean environment.

Unfortunately, much of the information used to support Route 53 isn't factual. Puttin' on a spin, misrepresenting and selectively distributing information to support your position, is, for some, politics as usual. that has never been an option for many of us, who, for many years, have been

promoting improvements to our current roads. I understand and accept different positions on an issue. A position supported by misrepresentation and selectively using information is unacceptable.

Most common-sense, fiscally responsible proponents for existing infrastructure improvements are dedicated because our spirit won't allow us to sit back and watch our world be torn asunder in the name of "politics as usual" and "progress."

It's appalling that for almost 40 years of funding studies for a road that has yet to be responsibly justified, money just keeps flowing and reasons to build continue to be fabricated.

With so much money and power behind building this monster, it still hasn't been justified, because it can't be. Please don't be fooled. Be sure to base your position on actual facts.

*Editor's note: Cheryl Doros is a former village trustee of Grayslake. She currently serves as a director of the Lake County Soil and Water Conservation District.*

**Time For A Breast Cancer Screening**

In support of National Breast Cancer Awareness Month, the hospitals of Vista Health will offer screening mammograms at a reduced cost during the month of October. The special cost is just \$65 plus the radiologist interpretation fee. The national Cancer Institute advises that women in their 40's and older have an annual mammogram. Women at high risk for breast cancer because of their personal or family history may need to begin screening earlier. Screening mammograms are designed for women who have had no history of breast abnormality. Women who have experienced breast problems in the past require diagnostic mammograms at a higher cost. Women do not need a doctor's order to schedule a mammogram. Screening mammograms are available at three Vista Health locations. Appointment can be made for any location by calling the number listed. Provena Saint Therese Medical Center, Waukegan, 360-2020; Victory Memorial Hospital, Waukegan, 360-4184; Vista Surgery and Treatment Center, Lindenhurst, 356-4700. ## Important components to your fight against cancer

At our leading-edge cancer hospitals, we treat patients in ways other hospitals don't. Because our cancer specialists know about the positive results achieved by research studies using nutrition to combat cancer, we've made nutritional therapy a part of our innovative, comprehensive treatment program. Your personal team of experts not only includes doctors and oncologists skilled in the latest medical technology, but on-site nutritionists. And because our cancer care is compassionate as well as advanced, your team also includes the support of psychological and spiritual counselors. At Cancer Treatment Centers of America, we're winning the fight against cancer every day. Find out about the options that can help you win your fight.

**Personalized Nutritional Programs**

When you choose one of our hospitals, you'll be introduced to a doctor of naturopathic medicine and an experienced nutritionist who will be part of your team. They will formulate a customized therapeutic dietary program, including vitamin and mineral supplements, to meet your specific needs. Your nutrition program will be designed to stimulate your immune system to fight your disease, and to enhance your own body's fighting ability. Nutritional therapy also strengthens your physical well-being, and has been shown to decrease the side effects of certain treatments and add to the quality of your life.

**Innovative Medicine**

Doctors from around the world bring their expertise in breakthrough treatments to our program at Cancer Treatment Centers of America. As a result, we place higher emphasis on our quality of patient care. Many of our specialists are triple-board-certified. And they are not only experts, they have a heart. They

take the time to listen to you. To explain. And to involve you in your treatment, which may include, in addition to traditional medical therapy, treatment options available at only a handful of the nation's most advanced cancer hospitals.

**These options include:**

High-Dose Rate Brachytherapy-to target radiation directly to the site of a tumor or to an area surrounding a lumpectomy while sparing healthy tissue. For breast, lung, prostate and gynecological cancer.

Fractionated Dose Chemotherapy-to maximize the intensity and effectiveness while minimizing side effects.

Bone Marrow Transplantation Therapy-to destroy cancer cells and maintain the body's bone marrow defense system, through the use of very high doses of chemotherapy and stem cell rescue.

Intra-Arterial Infusion-to administer chemotherapy directly to the pancreas, liver,

head and neck, via splenic and hepatic arterial approaches.

Local Hyperthermia-to use the heat of ultrahigh frequency sound waves directed toward the tumor to destroy cancer cells, and to make them more susceptible to other forms of treatment.

Immunotherapy-to use the body's own naturally occurring defense substances to destroy cancer cells.

Intensity Modulated Radiation Therapy (IMRT)-to deliver high doses of radiation to hard-to-reach tumors, such as in the brain, head and neck areas, while sparing healthy tissue.

Photodynamic Therapy (PDT)-to destroy tumor cells through the use of a light-sensitive drug, activated by a low light energy laser. For esophageal, early-stage lung cancer and several other types of cancer.

## An insidious case of attention and behavior problems

Hi Dr. Singer,

Can processing problems cause bad behavior? Our son is always getting in trouble at school, and while we don't excuse his behavior, we believe it started long ago because he has had problems processing information and he gets frustrated and then acts out or goes off task. We wish we had made this connection sooner, but unfortunately, we did not, but now, we wonder if we

can correct the processing and then just see the behavior and attention problems correct themselves. Our son is 10. Is it too late? Thank you. V.B.

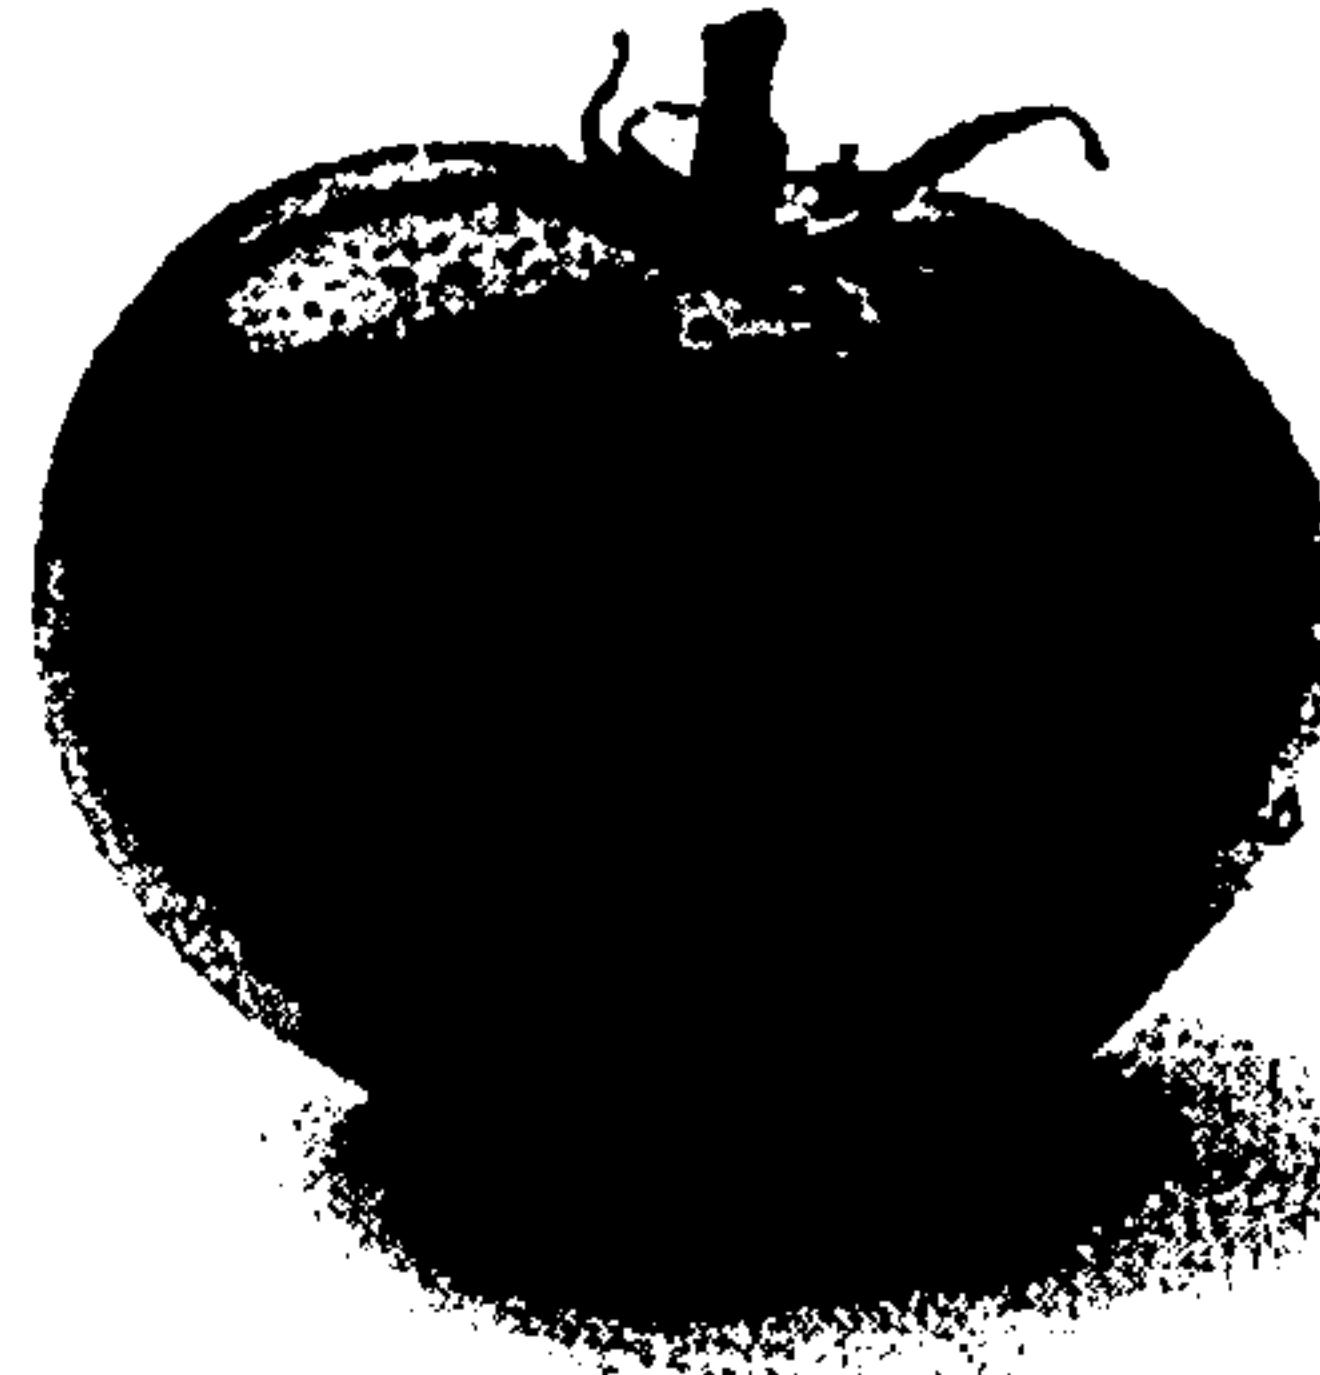

Hi V.B.,

Yes, in my experience, acting out behavior and distractibility can and does, in many cases, come from processing problems. This is the main thing I work with every day. Also, yes, if you work with processing as a starting point, it will help the whole situation to improve, but I will tell you the same thing I tell the parents I work with: you have to understand that the older a child is, the longer he or she has had to develop patterns around those processing problems. Thus, it takes a little bit more than just correcting processing, especially in an older child, to make those other problems go away completely. The younger you start helping the processing to get better, the less chance you have for that child to become frustrated enough to develop behavior and attention problems as well. If you start working on processing when a child is 6, the child doesn't have much of an opportunity to become too frustrated. If you start at 12, the child has lived a lot of years having to defend against bad feelings. We all want to succeed and feel smart. When kids become aware of the fact that others are doing better than they or are faster than they are or that they are having some trouble that is making them look bad, they will naturally defend themselves. That defense usually takes the form of behavioral acting out. Silliness, nastiness, avoidance, depression, etc.

Be aware, not all behavioral acting out is about processing. I have met many a family who "loved" a little too much and now their child is running their lives and their homes. That is a very different situation and actually, those are a lot easier to correct, but I do handle both types. It is possible for a child just to feel a little too much freedom or know too much about manipulation which shows up in bad behavior, while being a fantastic processor of information.

I will say, that I believe that the majority of kids who act out or go off task in school, probably have problems with processing information that have been going on for a while. The reason I say that, is if a child is acting out or going off task, frustration must be built up to a high level already. Now, processing is not exactly the same thing as learning disabilities, so for those of you who are thinking that your kids should be immune from

## A tomato a day keeps the oncologist away.

That may not be entirely true but it is true that tomatoes, along with many other foods, have been proven to have cancer fighting properties.

In fact, studies have shown that just five servings of fruits and vegetables daily can prevent as much as 20 percent of all cancers. The cancer fighting benefits of proper nutrition apply to those who have been diagnosed and treated for cancer as well.

But keeping proper nutritional habits can be very complicated, especially when challenged with the rigors of traditional cancer treatment. If you add in complications from an unhealthy liver, renal system, or diabetes, the proper roadmap for nutrition gets even a little more gray.

That is why consulting a nutritionist can be just what the doctor ordered. Your one-hour consultation is a phone call away. Kim Dalzell, PhD, RD, LD, is an oncology nutritionist with over a decade of experience in the cancer treatment field. She is the program director for holistic nutrition services at Cancer Resource Center in Gurnee.

To get 10 percent off the cost of your first one-hour consultation, call Kim today at 856-1220.

that because they are in learning disability services, that is just not the case. Processing problems are not usually of an academic nature, so extra help and tutoring do not make them going away. They need to be trained away, through special exercises that train the opposite good habits that are repeated in a habitual way. It is really the same thing for changing anything. Someone can tell you words about how to change it, but that isn't going to change it. What does change it is doing the opposite over and over again until it becomes habitual.

I am not worried that your child is 10 and that you didn't come to this conclusion until now. You shouldn't be worried either! It is still very fixable. The only difference between now and when he was 6 is that you will probably need to target the behavior more now, in addition to the processing skills. Also, it will

probably take a tad longer to work itself out, but rest assured, I have worked with people ages 6 on up to 24 and have seen wonderful changes in all age groups. It is definitely not too late. So, take heart and start from today. Call me to speak further about it.

## Ready for winter? Your windows and doors may not be

*Drafty windows and doors are potential nemeses for homeowners getting ready to face old man winter*

Usually, it takes some good cold weather to get homeowners to snap into action and prepare for winter. But many energy consumers across the country are already insulating their homes, replacing heaters and looking for price cuts in anticipation of another winter

of high fuel costs.

The Department of Energy (DOE) predicts heating oil will cost an average of \$1.31 per gallon nationally at the start of the winter -- almost one-third higher than a year ago. Natural gas is also forecast to be 25 percent higher, at

\$8.59 per thousand cubic feet.

While there are many ways to winterize a home, experts at Pella Corporation have found that homeowners often overlook a very important area: their windows and doors. It is likely that much of the heat being pumped into the house is being lost through poor-performing windows and doors.

According to the DOE, more than 40 percent of the annual energy budget is consumed by heating and cooling in a typical house. Proper selection of windows, doors and skylights can significantly affect how much money is spent or saved every year keeping homes bright and comfortable.

"Energy efficiency is fast becoming top-of-mind for an increasing number of homeowners, and rightly so," said Harold Pinkston, Pella Corporation's product marketing manager. "Although many consumers don't think of it, windows and doors serve a variety of purposes. They are one of the most prominent architectural aspects of a home, and can greatly affect the energy efficiency and comfort levels in the home."

In fact, according to Pella, the right high-performance energy-efficient window can save a homeowner up to three months' worth of energy bills. And, fall can be the perfect time to take a look at potential replacement needs.

Recently, windows have undergone a technological revolution. It is now possible to have lower heat loss, less air leakage and warmer window surfaces that improve comfort and minimize condensation.

These remarkable advances in window performance are due to technological developments in glass coatings and insulated glazing

assemblies.

While "glass coatings" and "insulated glazing assemblies" may seem mysterious, the benefits of these features, in addition to energy savings, are simple:

- Reduction of air infiltration and heat loss.
- Reduction in frost and condensation.
- Less fading of carpets, fabrics, upholstery, wallpaper, artwork, paints and wood trim.
- Reduction in peak heating and cooling loads, which can result in smaller heating or cooling system. (The peak load for a home is the maximum requirement for heating or cooling at one time. These loads determine the size of the furnace, heat pump, air conditioner and fans that must be installed. Smaller loads can mean smaller equipment and less money.)

Work with a local window expert to determine if your windows are giving you the biggest bang for your buck. You can consult the Yellow Pages for local window providers or go online at [www.pella.com](http://www.pella.com) and use the dealer locator.

If your windows don't seem to be hitting the mark for energy efficiency, don't worry. There are some basic tips that can make window replacement easy and help you get the most value for your money.

• Check with your local utility company. Several utilities offer incentives to homeowners who make energy-saving improvements. Contact the utility company in your area to determine if you're eligible for a low-interest loan or discount for replacing your windows.

• Ask about insulating features. Some high-tech energy-efficient solutions include argon gas between the panes of glass and a Low-E coating.

### ACCESS BUSINESS GROUP

**Dale Gilmore - Owner**

The most important decision in selling a business is the selection of a qualified specialist. **ACCESS BUSINESS GROUP**, located in Lincolnshire at 1724 East Grand Avenue, phone 265-7752, is just the business broker to call. **ACCESS BUSINESS GROUP** is becoming well known throughout the area as business intermediaries. Their job is to serve as the "middle man" who negotiates the sale of a business between the seller and the buyer, whether it's a "mom and pop" business or a multi-million dollar business. These business specialists will fully evaluate and present your business sale in a competent and professional manner. Their comprehensive evaluation will analyze factors such as competition, market position, customer base, employees and potential, as well as, weaknesses. This enables them to determine the fair market value, and to prepare a specialized report for

potential buyers. In most cases, the general public, employees and competitors will never know the business is for sale. They realize the importance of confidentiality; therefore, they only disclose to qualified buyers. In addition to selling business opportunities, **ACCESS BUSINESS GROUP** offers business evaluations for owners who are curious about the market value of their business. They can provide counseling that can help you prepare your business for a future sale if now is not the right time. The business intermediaries at **ACCESS BUSINESS GROUP** serve all of the area and invite your inquiries at 265-7752. The Editors of this 2001 Fall Business Review and Reference Guide are pleased to be able to recommend **ACCESS BUSINESS GROUP** to all of our readers.

# Season finale at Wilmot

**M**att Wilkins of Waukegan closed out the 50th Anniversary season of Premier Racing Production's Wilmot Speedway with the victory in the 2nd Annual Night of Destruction Demolition Derby.

Wilkins overcame a broken starter wire during the finale to come-from-behind and score the win over the 22-car field that qualified through preliminary events.

"I won a qualifying heat last year, but never won a main event," said Wilkins. "It was touch and go for a while when I hit the 71 car (Andy Dei) and my car died. I had to reach under the dash and hold the starter wire to get the car refired."

Finishing in the top four were Wilkins, Steve Kipp of Grayslake, Illinois, Mike McMahon of Wind Lake, Wisconsin and Dei, who is from Salem, Wisconsin. Dei is the son of a past Wilmot demolition derby champion and race car driver, Steve Dei, who was killed in a automobile accident earlier this year.

In the fifth qualifying heat, Tom Cornell of Powers Lake, Wisconsin scored a victory in the small car demolition derby for compact cars. Although Cornell also was one of the final four cars running at the end of the heat, which earned him a feature start, his car could not make it out.

## LET'S GO RACING

## IF YOU TOOK TYPING IN HIGH SCHOOL IT'S TIME TO CALL AN INTERNIST.

If you remember carbon paper, typewriter ribbons and correction fluid, please make a note. It's time to start seeing a Doctor of Internal Medicine.

Internists are the medical doctors who make a practice of treating adults. They devote at least three additional years, after medical school, learning to prevent, diagnose and treat diseases that primarily affect grown-ups. So they're well prepared to listen and talk with you about a broad range of adult health care needs, from routine physicals and wellness programs, to the management of complex medical conditions.

So when it's time to choose a doctor, consider choosing a Doctor of Internal Medicine. They're the doctors for adults. Because whatever else you are, you're not a kid anymore. This message brought to you by:

## Tri-City baseball All-stars 8-0

The Tri-City All-stars went up against their undefeated counterparts, the Mustangs from Mundelein, for its last doubleheader before the fall tournament finals. Both teams went into the contest 6-0 so something had to give.

The All-stars would continue their undefeated quest with a 13-5 win. Mundelein got on board first with two runs in the top of the second-inning. But Tri-City would counter back with a 5-spot in the bottom of the frame. John Ryan and Brian Siedlecki smacked singles. Brock Simon then belted an RBI single, followed by a 2-run base hit by Kyle Stroup. Jeff Jackson and Austin Schmeisser followed with singles. They would cross the plate on Eric Vazquez' 2-run single.

The Mustangs tallied one more in the top of the third but Tri-City put the game out of reach, answering with six more runs in the bottom of the third.

Rich Mascheri, Jamey Carey and Siedlecki started the hit brigade with singles. Stroup then knocked both of them in with a double. Austin Schmeisser added a 2-run single and Eric Vazquez and Jonathan Miller followed with RBI singles.

The All-stars held Mundelein scoreless in the fourth-inning while adding one more to their total on a base hit by Ryan and an RBI single from Carey.

On the mound for Tri City was Rich Mascheri, Kyle Stroup and Eric Vazquez. Swinging the hot bats were Kyle Stroup going 3-for-3 with 4 RBI and Austin Schmeisser 3-for-3 with and 3 RBI.

In the nightcap, the All-stars would come

out shinning again with an 11-4 victory. Tri-City started the scoring in the top of the second, putting 3 runs on the board. Siedlecki started things with a single. Stroup smacked an RBI single and Jackson a 2-run base hit. In the third, the All-stars added another run as Ryan knocked in Miller, who earlier singled.

The All-stars held the game scoreless until the bottom of the third when the Mustangs put four runs on the board. Tri-City had the answer, though, in the top of the fourth when it added a 3-spot. Siedlecki and Brock Simon had base hits to start off the frame. Stroup then blasted a 3-run homer over the left centerfield fence.

Tri-City held the Mustangs scoreless for the remainder of the game but would continue to add to their advantage, putting up 3 more in the fifth off of hits from Miller, Mascheri and Ryan. Siedlecki belted a 2-run single and Simon an RBI base hit. Tri-City added one more in the sixth off of back-to-back doubles by Stroup and Jackson. Vazquez rounded out the scoring with his RBI single.

Combining for the pitching victory was Jackson, Simon and Schmeisser. Hitting leaders included: Stroup (3-for-3, home run, double, 4 RBI); Siedlecki (3-for-3, 2 RBI, stolen base); Jackson (3-for-3, double, RBI, stolen base).

The Tri-City All-stars ended their perfect fall season at 8-0 and will now enter the final weekend tournament as the top seed going against the No. 8 seed, Grayslake, on Oct. 13 at 9 a.m. The winner will then play at 11:15 a.m. in the semifinals. The championship game is slated for Oct. 14 at 1:30 p.m. in Mundelein.

## CLC NOTEBOOK

CLC women's tennis continues to make solid strides as the season progresses.

After dropping its first meet to Carthage College (Wisconsin), the Lady Lancers have won three of their last four to improve their overall record to 3-2.

"Now that we're playing more, we're playing steadier," said coach Sue Garcia.

CLC has had problems with the conference so far this season. Currently they are 1-2 within the conference beating only Waubonsee.

They have lost to both Moraine Valley (1-8) and Elgin (3-6).

"Elgin's first three players could be very tough for anyone to beat this season," said Garcia.

The Lancers have gotten a great deal of help from the No. 4 singles spot from Lindsay Ferguson who has gone 4-1 so far this year. This is Ferguson's first year playing singles tennis.

Another steady spot for CLC has been the No. 1 doubles team of Mandy Hughes and Megan Schulmeister. They have played right around even tennis in terms of wins and losses.

"We totally compliment each other," said Hughes. "We get along off and on the court, we have no conflicts."

The team as a whole has proven their capability in playing college quality tennis and staying with the pack in the conference.

"We're hoping to finish right in the middle of the conference," said Garcia. "Right now we're having a good time and at the same time working very hard everyday."

Hughes believes that the team will have a good shot at staying competitive in the conference.

"I've gotten the impression that the other players on other teams might have more experience than us," said Hughes. "But that doesn't necessarily mean that they are more talented."

Currently Hughes holds a 2-3 No. 1 singles record. She is also a member of CLC's number one doubles team who are 3-2 on the year.

"I'm not at all intimidated by tournament play," she said. "I really hope to play my best and do my best at the No. 1 spot to help my team." —Joe Pruski

### Women's soccer

The Lady Lancers, ranked 18th in the latest National Junior College Athletic Association national poll, finished the week 1-1 following a 3-0 win over Moraine Valley and a 2-0 loss to Harper.

Against Moraine Valley, CLC held the opposition to just three shots on goal while the Lancers had 14. Leading scorer Nicki Sowizdrzal had two goals while Lisa Langenberg added the third. Goalkeeper Buffy Brasile had the shutout, the team's eighth of the season.

However, in its next game CLC had its five-game winning streak snapped by Harper 2-0. But the loss was not from lack of scoring chances.

The Lancers had 12 corner kicks, six

breakaways and a total of 14 shots on goal but none managed to find the back of the net. The loss dropped CLC's record to 12-3 on the season.

"It was just not CLC's day," said head coach Dave Beck. "Soccer is not kind when you don't take advantage of your opportunities."

### Women's volleyball

CLC's doubles its season win total from two to four in a span of two days, but still managed to finish the week 2-5.

In their first match of the week, the Lady Lancers were bested by McHenry 31-33, 30-15, 30-18, 30-27.

"Enthusiasm and intensity definitely (were there) in the first game," said head coach George Miller. "(We were) too confident in games two and three which resulted in losses. Game four was a come from behind effort but not successful."

Up next for CLC was the DuPage Invite in which the Lancers went 2-2.

CLC won its first match against Oakton O(30-21, 31-29), lost its second match to Macomb (Mich.) 30-14, 30-17, won its third match over South Suburban (27-30, 30-22, 15-10) and lost its fourth match to Joliet (30-17, 30-15). The 2-2 record moved CLC's record to 4-19 on the season.

Amy Holm (nine aces), Michaline Sprovieri (23 kills), Julie Peters (eight kills) and Jaime Knuth (25 kills) all had solid tournaments.

"Jaime Knuth was truly unstoppable," said Miller. "It was good to see (the team) playing the type of volleyball they're capable of."

### Men's golf

CLC finished in fifth out of 12 teams at the Region IV Golf Finals, held at Prairie View Golf Club in Byron, Ill. The team finished with a score of 662, 17 strokes behind Black Hawk College and Sauk Valley which tied for third.

Kurt Kubicek from Wauconda qualified for the NJCAA National Junior College Finals in Phoenix in May 2002 by shooting a 36-hole score of 163. Tim Jankowski from Antioch is a second alternate for the NJCAA finals after shooting a 36-hole score of 164.

### Men's soccer

The Lancers continue to hover around the .500 mark after a 1-1 week that saw them defeat Allen Co. 5-4 and lost to Iowa Central 4-3.

Against Allen Co., Juvenal Casterjon tallied two goals and two assists, Miguel Guzman had two goals and an assist, Scott Lang added a goal and Matt Deimler and Juan Juarez each had an assist. Nick Placko (seven saves) picked up the win in net.

Against Iowa Central, Casterjon had a goal and two assists, Elinsser Zequeida and Jason Myers each had a goal and Deimler added two assists in the loss, which dropped CLC's record to 5-7 on the season. —Rob Backus contributed to this report.

## Fitness competition Oct. 20

When it comes to public safety, Lake County's finest band together. But when it comes to a fitness competition, our county's firefighters and police officers will go head-to-head to win the title.

Teams from Lake County community firefighters and police officers will face-off once again in the 17th annual Public Safety Competition. Sponsored by Condell Medical Center, Centre Club and Flight for Life, the competition will be held at Centre Club, 200 W. Golf Rd., in Libertyville on Saturday, Oct. 20 at 7:30 p.m.

The competition course will feature a 100-meter swim, one-mile run and 2-mile bicycle race. Awards will be presented to the top three teams and to the best overall individual performance in specific age groups and class. In addition, a bench press competition, team and open relays, and a fun race for children 12 and younger will also take place.

Participants in this year's competition will include: the Grayslake Fire Department, winners of the 2000 Public Safety Competition; the Mundelein Fire Department; the Waukegan Fire and Police Department; the Wheeling Fire Department; and, members of the Lake County Sheriff's Department, to name a few.

Proceeds from the Public Safety Competition will benefit the Jac Bellis Fund, a scholarship fund established in memory of the late Condell Emergency Department physician. This fund assists young people who are pursuing a career in the healthcare field and who are associated with Penwasciz, Condell's Health Careers Program.

For more information regarding the Public Safety Fitness Competition, call Ina Albert, director of public relations and marketing, at 990-5775 or Debbie Semenek, RN, EMS coordinator, at 362-2905, Ext. 5319.

The benefits of "Motion For Life" can extend for a lifetime. Continuing your prescribed program at home can help you remain active and do the things you want to do.

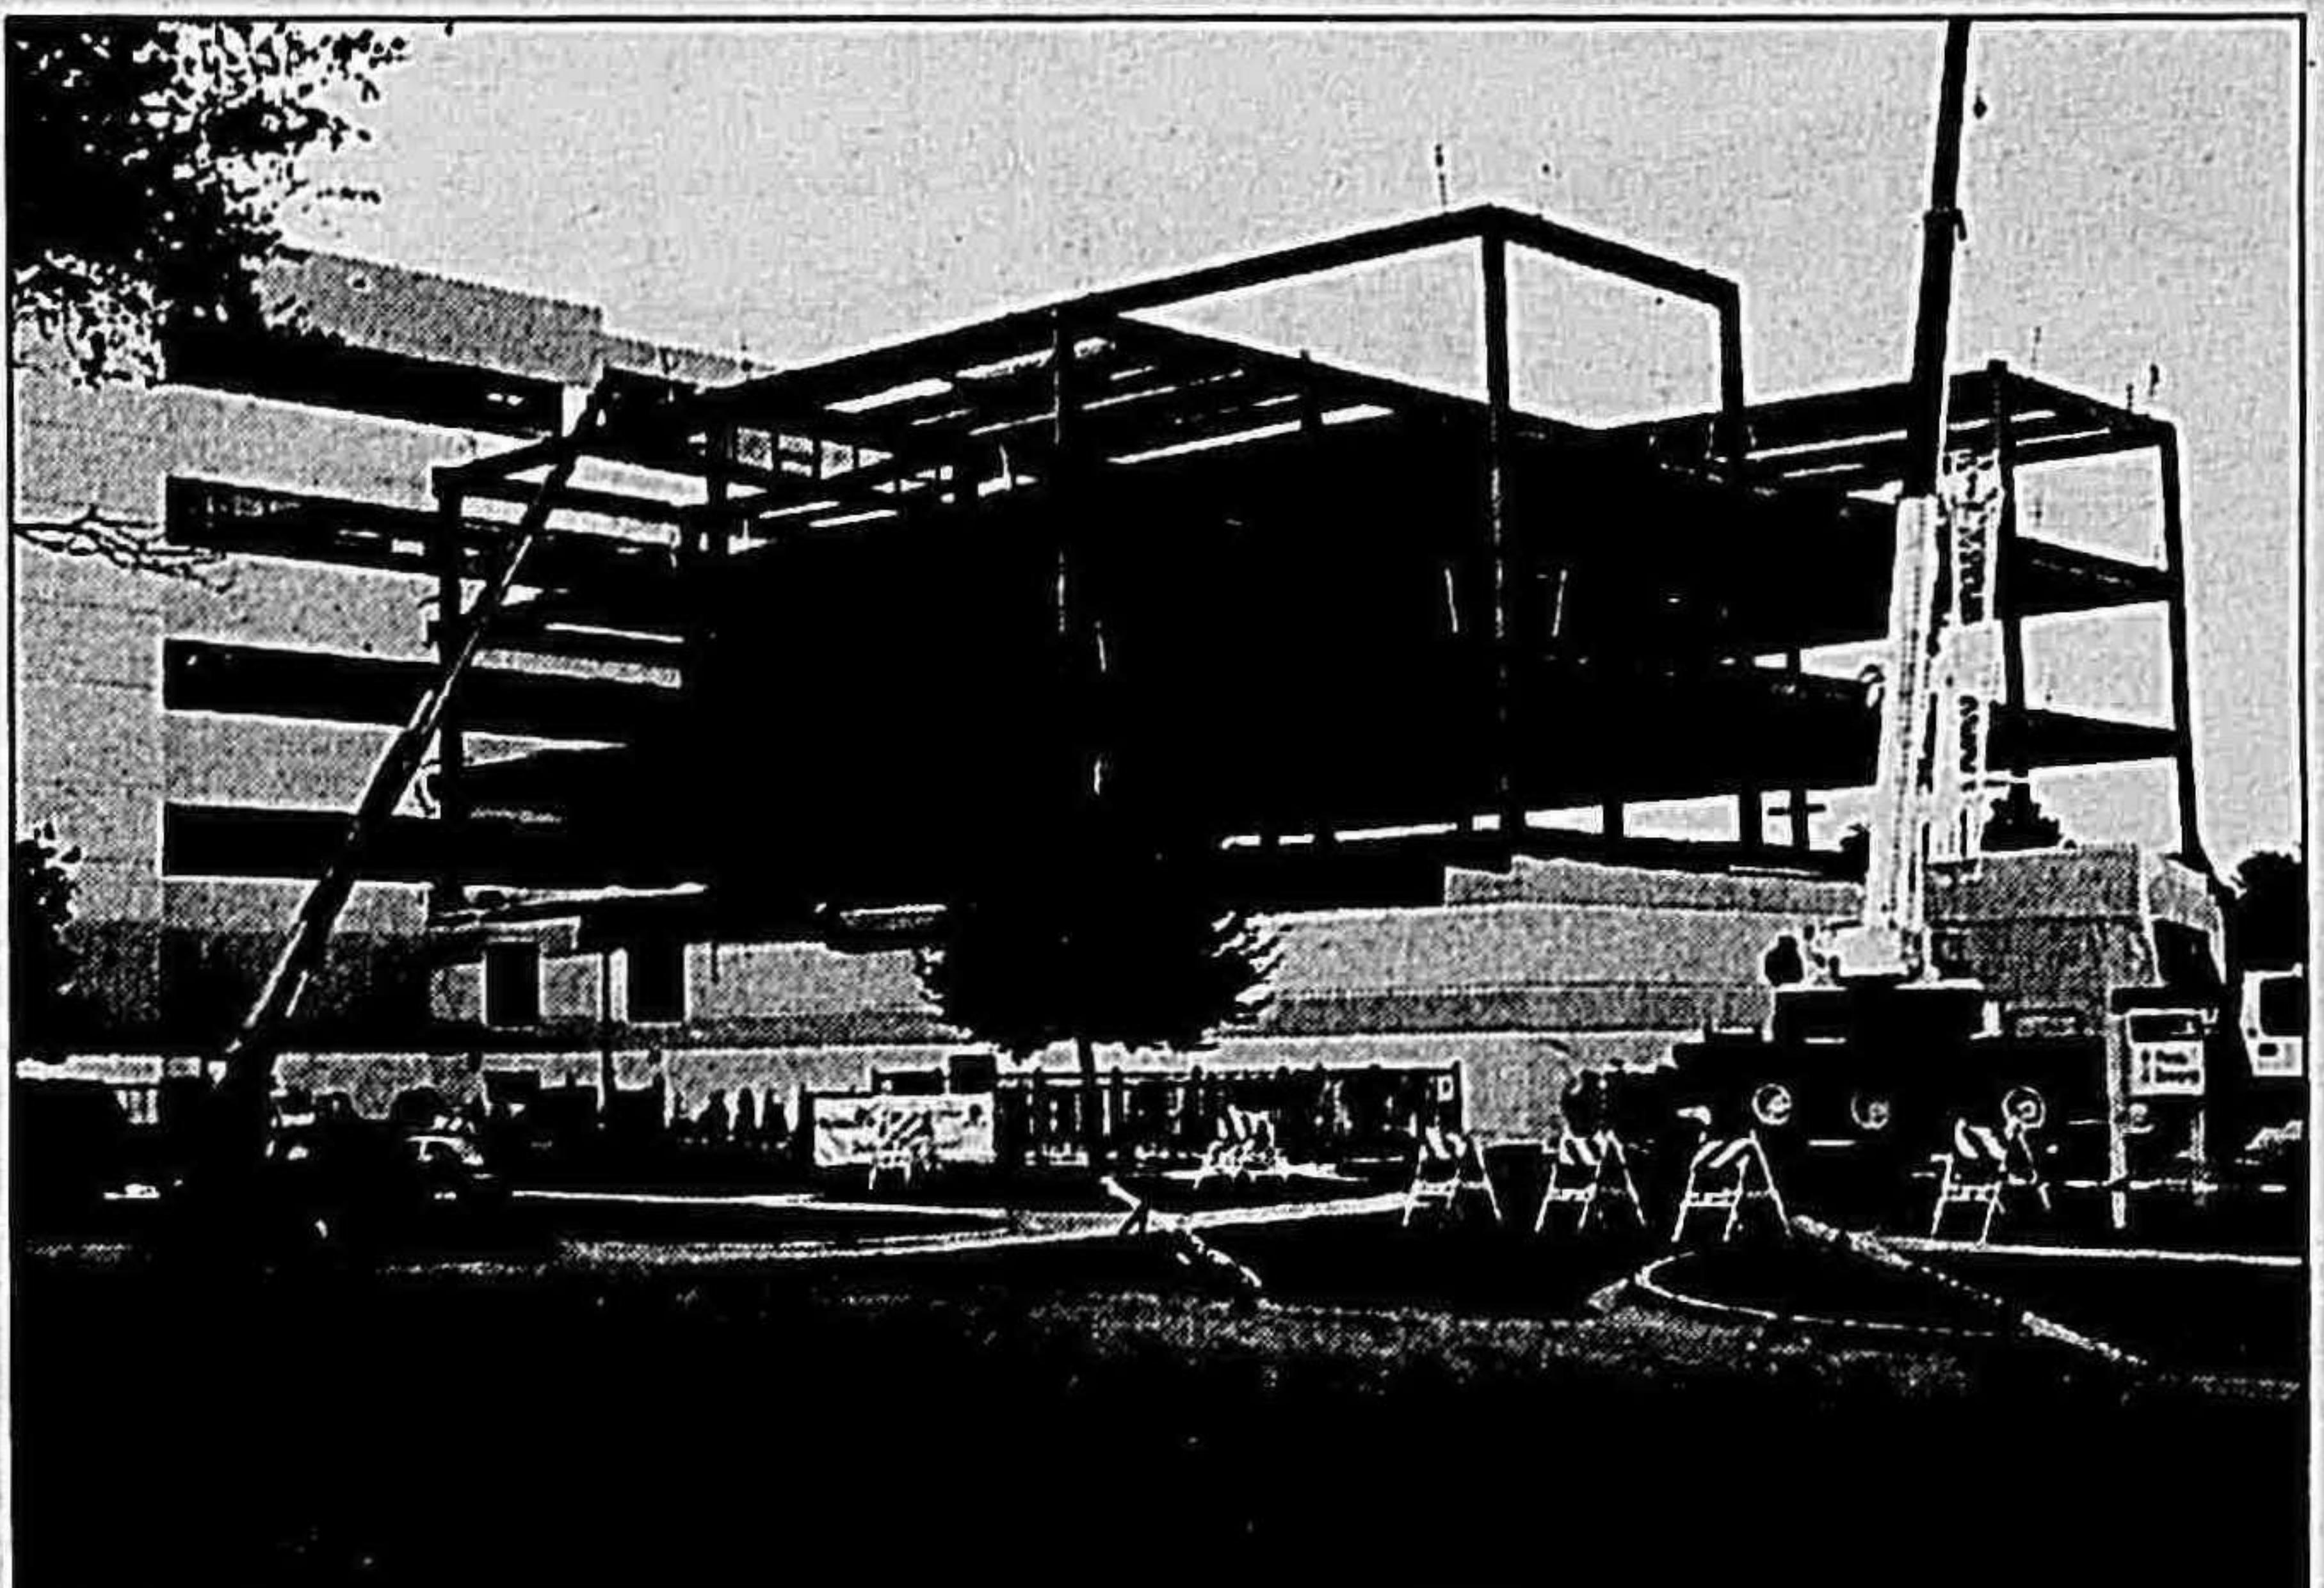

### Emotional Support

Cancer affects more than the individual. It affects everyone in the family. Our professional staff of specially trained counselors and psychotherapists helps you and your family to use that part of yourselves that is best able to cope with this profound change in your lives. They bring compassion and understanding to the fears, anger and hope expressed by you

and your loved ones. The therapeutic relationship also helps you fight your disease. Your treatment team includes people who have specialized training in psychoneuroimmunology. Through this form of therapy, you learn to use your psychological resources to enhance your inner well being, which may stimulate your immune system to help you better fight your disease. At Cancer Treatment Centers of America, our treatment options help you fight back with everything you've got.

### Spiritual Support

Available for patients and their families, our on-site support program respects each patient's religious beliefs. Our interdenominational chaplains will visit you as often as you like, or we'll arrange visits from clergy of your own faith. Ecumenical services are held on-site. A specially trained member of our clergy will become part of your treatment team. During therapy, emphasis is placed on using the patient's religious beliefs as part of the defense system that enhances the patient's inner well-being, so the body is more responsive to the medical treatment. If you or someone you love has been diagnosed with cancer, call one of our cancer information specialists to explore the innovative treatment options available at our hospitals.

Cancer Treatment Centers of America, which treats cancer patients from all 50 states and 45 foreign countries, has experienced double-digit growth in new cancer patients for the past several years and needs more room. The current \$4.5 million expansion project will add 30,000 square feet to the more than 125,000 square-foot hospital. The addition will represent a dramatic improvement in outpatient capacity, from 18 to 39 stations. When construction is complete, the area currently reserved for construction equipment will be improved and feature 60 patient parking spaces.

facts.

\*Free animal ads suggest  
that there is something  
wrong with the animal, or  
that it has no value.

\*Some people who respond to these free animal  
ads are not reputable and  
are more concerned about  
making a profit than the  
animal.

\*Charging a fee to a potential  
pet owner confirms the  
responsibility of pet ownership  
for an entire lifetime  
of that pet. For more information,  
please contact the

**Knowledge Acquisition will Create Future Jobs**  
**By Scott T. Fleischmann**  
Every day we see signs that people are yearning for additional knowledge. Some of the most recent signs are the recreation that we have chosen in the last few years. As an example, some of the most popular television shows today test the knowledge of the participants. Who Wants to be a Millionaire, The Two Minute Drill and The Weakest Link among others, challenge competitors with questions that get progressively more difficult.

On the Internet we also see new knowledge contests at every turn. Some sites defy us to identify the winners of sporting events based on our knowledge of the sport and the contestants. Other sites test our knowledge of movie trivia, computers etc. As you can see the entertainment industry is feeding our desire for more knowledge. If the American public has a desire for additional knowledge, American business has developed an unquenchable craving for enlightenment.

Corporations are continually looking for more information about their customers and potential buyers. They use this information to sell additional products, to identify possible future products and to break into new markets. Investment firms are always looking for more information to use in making decisions about the best companies as a means to improve their choices.

Insurance companies need more information to set rates and to pay claims fairly, and manufacturing needs information for product improvement and for new product development.

Every successful company will require additional information as a key element for continued growth. That demand will require substantial growth in the occupations that provide for the acquisition of knowledge. Some of these growth areas include:

Data Collection - People will be needed to collect the data and assure it's accuracy. In addition, those who originate new methods for identifying valid data and for collecting that data will be in high demand.

Data Management - There will be an increasing need for people who know the best methods for storing the information and those who can create processes that allow others to use the data.

Networks - Those who have the skills to develop the technology for accessing the data will be in high demand.

Security and Privacy - This area may create the most significant demand for people in the next few years. We are hearing more about the improper use of data every day. Many people and companies are concerned about the invasion of privacy. These problems will create a need for people to protect against the inappropriate access to data. In addition, there will be a need for those who can prevent the dissemination of unauthorized data (virus, scandalous information etc.)

Environmental Control - This new technology will control most aspects of homes, offices and factories, although we have had centralized systems for managing temperature, humidity and building intrusion for years. More recently, we have seen centralized systems for the control of sound, landscape watering, emergency power, etc. This technology requires continuous information collection about the environment. It will continue to grow (and produce new jobs.)

As you can see, the future is bright for those who have the inclination for knowledge acquisition. But for those who are not interested in these opportunities, we will look at another growing industry next week.

**How To Survive The Job Search**  
By Nancy Sakol

**Q:** Six weeks ago I was released from (name withheld) with no advance warning and no severance or vacation pay. I worked for the company since December 2000 and was told that my position was being eliminated over the telephone. I went to the unemployment department to apply for compensation and two weeks later I received a letter telling me that I was ineligible. I sent back the letter to the department with an appeal telling them that my position was "eliminated" which my friend said makes me clearly eligible to receive unemployment. Now a hearing has been scheduled to review the appeal I had requested and I don't know what to expect. I remember reading in an article of yours a while back that sometimes you are able to help find out information on why someone was released. Please tell me what I can do to have you get involved. I have included a note giving you authority to contact my former employer.

**A:** To answer some of your questions. Just because a person's job is "eliminated" does not indicate anything other than "ended" or "over" it is the same with the word, "terminated". If employment has been "terminated" it frankly means it's over, for whatever the reason. Sometimes people terminate their own employment, sometimes a company terminates their employee and while sometimes a company can "eliminate" a job, so can a person cause their own job to be eliminated. Once a person files for unemployment compensation, for whatever the reason, a file is generated which automatically informs the company a claim has been filed for compensation. The company then has the opportunity to file an appeal against the claim. In your case that is exactly what has taken place. Apparently, your letter left out quite a bit of information which led up to your job being eliminated. The Human Resource Manager was quick to tell me that over the course of the four weeks that led up to your job elimination, that you had missed a total of six days worth of work, (various excuses given), and were late for work an additional seven days. Only as he put it to be compounded by returning from lunch 15 minutes late on two of those days. He also stated the reason you were contacted at home to be told your position was eliminated was due to the fact that on that particular day, you failed to show up for work and failed to call them. He also recited dates that you were verbally warned of your attendance problem on two occasions and further added that you personally signed off on the last warning that was issued saying you understood additional violations could be cause for termination. For you not to have reported for work and not called in to your office was plain irresponsible if your intention was to keep your job. If however, your intention was to get yourself fired, then good job. As far as the appeal you have filed for ... should you not respond on the time it is called for, you will risk automatically losing your appeal. If you do respond at the appropriate time, it seems as though you may lose your appeal. Your friend, while undoubtedly trying to help by leading you to believe that you were "clearly eligible" for compensation, may also have received half of your story. The real issue here is how a person in a matter of four weeks, manages to take six days off of work, comes to work late seven days, returns from lunch 15 minutes late on two more days and fails to show up for work or call in all on the day the company eliminates their position and even questions why their position was eliminated.

**FANTASY FOOTBALL MONTHLY**  
(Touchdowns Only!!!)

**NEWSPAPERS**

Four weeks of NFL football is now in the books. During the first quarter of the season we have seen stars be stars and surprise performances from some unlikely players.

If you add yardage to touchdown performance (which Lakeland Fantasy Football Monthly DOES NOT doubt many fantasy leagues do) your first quarter leaders are as follows:

At quarterback: leading the way is Kurt Warner, followed by Daunte Culpepper, Brett Favre, Donovan McNabb and Peyton Manning. Certainly no surprises there, but Chris Weinke and Jay Fiedler also make the top ten and that is shocking.

At running back: I thought that Michael Bennett of the Vikings had the speed, offensive line and enough veteran help around him to make him the hands down rookie of the year. Boy was I wrong. LaDainian Tomlinson is not only the best rookie, he is the best producing running back in NFL at this point in the season. Add yards and touchdowns together and statistically, Tomlinson is having a better year than, respectively, Curtis Martin, Marshall Faulk, Ahman Green, Edgerrin James and Lamar Smith. Backups also found their way in the top ten. Coming in at numbers 8 & 9 are Shaun Alexander and Maurice Smith.

Receivers: Everyone knew that the Broncos had good receivers, but after Ed McCaffery went down in game one, Rod Smith took his place as the NFL's top producing wideout. Following Smith so far is Bill Schroeder (not the Lakeland publisher, the Packer receiver), Terrell Owens, Jimmy Smith, Jerome Pathon and Todd (who?) Pinkston. Our old favorite Jerry Rice also makes an appearance at number six.

You may notice that Eddie George, Randy Moss and Emmitt Smith are not listed. This is no mistake. Being a star does not necessarily make you the number PRODUCER in any given month. Remember that while picking your November lineup.

Dont forget that you have until Halloween to enter for the November contest. Good luck and have fun.
